Marcus Garvey Asks Malicious Negroes Who Criticize Him to Prove Their Ability

FELLOW MEN OF THE NEGRO RACE, *Greeting:*

For quite a while a large number of self-appointed critics have been endeavoring to criticize the Universal Negro Improvement Association, the Black Star Line Steamship Corporation and Marcus Garvey. I have noticed that on more than one occasion the Literary Editor of The Negro World editorially commented on the criticisms of some of these critics. In last week's issue of The Negro World I saw an editorial reference to criticisms of Marcus Garvey by Messrs. Chandler Owen and Randolph, Socialist editors of the little, irregularly published magazine known as the "Messenger." I have not personally seen the published criticism of the editors of the "Messenger," but from what I can infer from the comments of the editorial of The Negro World I readily understand that the criticism was of such a nature as to cause the readers of the magazine to believe that from a business point of view the Universal Negro Improvement Association, the Black Star Line and Marcus Garvey were not very successful. I am further constrained to believe that that is the nature of the criticism because of previous criticism by the said gentlemen and by others of their ilk. I understand also that they have compared the business projects of the Universal Negro Improvement Association with the failure of the True Reformers and the Metropolitan Realty Company.

Of the Do-Nothing Group

These two young men, Owen and Randolph, are wickedly malicious for writing in that strain, because they know that the Universal Negro Improvement Association's business projects are all alive and bid fair to be the most successful business enterprises undertaken by the race, while the True Reformers and the Metropolitan Realty Company are out of business.

These young men belong to a group of "Negro-do-nothings" who cannot tolerate the success of others of their own race; hence, they find all kinds of excuses and reasons for maligning all legitimate business efforts on the part of men who are capable of doing things so as to hold them up to public ridicule. Before Owen and Randolph can speak of the failure of any business and the incompetency of any individual to do business they should first prove their success and their competency to handle business, not big business, but small business. These fellows and their ilk are always very ready to criticize the balance sheet of other people's enterprises, but, unfortunately, we have never seen their balance sheets so as to be able to gauge their great ability for business. But everybody who knows the "Messenger" ought to know that the magazine has no balance sheet. Everybody knows that it is published irregularly, and it is alleged that the reason is the non-availability of funds. Sometimes, you know, the stock in trade of Soviet Russia goes up and sometimes it goes down; sometimes the bank pays and sometimes it does not; sometimes the Socialist bank pays and sometimes it does not, and some of us are DEPENDENT upon the good will of the stock market for our existence, especially in the journalistic field. If Soviet STOCK goes up we are all right and we can make a big noise. When the stock goes down we sneak back into our holes and peep out at progressive men and try to come back at them by maligning their character as well as their effort.

Swapping Stories of Success

If Marcus Garvey were to compare himself with Messrs. Owen and Randolph he would say this to the gentlemen: "Four and a half years ago I started the movement

CRITICS HAVE PRODUCED NOTHING ON THEIR OWN ACCOUNT

GARVEY CHALLENGES IRRESPONSIBLE MEN TO COMPARE ACHIEVEMENTS

DECLARES IF PLACED ALONGSIDE OF DU BOIS TO CREATE HE WOULD OUTDISTANCE HIM TEN YEARS OUT OF FIFTEEN

WILL THE CRITICS TAKE UP THE CHALLENGE?

for the unification of the Negro race and for their general uplift without the assistance of anyone, *not even a Soviet government.* All the stock in trade was a little intelligence, a little personal cash and a determination to do." Now, what has happened after four and a half years? We see the great Universal Negro Improvement Association a world-wide movement, thoroughly organized throughout the United States of America, Canada, the West Indian Islands, South and Central America, Europe, Asia, Australia and Africa. We find millions of Negroes professing a new faith and husbanding a new hope. We find the sentiment of Negroes revolutionized everywhere. We find hundreds of Negro enterprises springing up in America, the West Indies, Africa, as well as South and Central America, caused through the successful propaganda of the Universal Negro Improvement Association. We find established a successful Negro weekly newspaper, the greatest in the world, known as The Negro World. We find established to the credit of the Negro a line of steamships known as the Black Star Line, which has sent out two of its ships on the high seas and has registered the Negro as a competitor in maritime affairs. We find enterprises, namely, grocery stores, restaurants, laundries, tailoring and dress making establishments established at different points of the country in the name of the Universal Negro Improvement Association. We find this organization owning property in America, Africa, the West Indies, South and Central America. We find this organization giving employment to thousands of Negro men and women, and all of the above mentioned have been brought about by one individual starting out actively four and a half years ago with a determination to do, and without the assistance of anyone but those who had confidence in his ability to put the program over, and who subsequently became members of the organization. Now, if Marcus Garvey has done these things, is Marcus Garvey a success or a failure? The public will answer for Owen and Randolph, because I hardly believe that they are honest enough to pass fair judgment. And now what have Owen and Randolph done in the like space of time? They have been agitating, they have been talking Socialism during the time Garvey was organizing the Universal Negro Improvement Association, and Owen and Randolph are still on stepladders on Lenox Avenue, New York, trying to sell a few copies of their latest publication, at 15 cents per copy, that they happened to get out of the printers' hand by chance. If Randolph and Owen have nothing standing to their credit by way of commercial success, how dare they

criticize someone who has something to his credit—and as of Randolph and Owen, so of the many men who have criticized the Universal Negro Improvement Association, the Black Star Line and Marcus Garvey for the last two years. There is not one of them, from Du Bois to Cyril Briggs, that has made a success of anything that stands to their individual credit. Du Bois started many papers of his own without success. He never became a recognized personality in the race until he was sponsored by the National Association for the Advancement of Colored People, an organization promoted by philanthropic white men and women. And yet these men who have nothing independently standing out to their credit are the ones who are criticizing others and telling how incompetent they are as business men when they themselves have not proved even good office boys in a good business establishment.

Parasites

I trust the public will pay absolutely no attention to the ravings of these men who are non-producers; they are only consumers, that is all that they are. Yes, the fellow down in Fifth Avenue can consume the salary of \$6,000 that somebody will plan and get for him; the other fellow up on Seventh Avenue will consume as many dollars as the Soviets will hand out. But let them produce the goods. They cannot, simply cannot.

Marcus Garvey will bet the last dime he has, and put his last suit of clothes in the pawnbroker's hand, on a wager that if he were placed alongside of any of these men who have criticized him for the first one to make good that he would surpass them by the space of ten years in the race of life if life lasts but for fifteen.

Marcus Garvey does not hold himself up to be a doer of the impossible. Marcus Garvey is not a navigator, he is not a captain of a ship, nor even a good pilot, but he is a man who has made a success of a ship of the Black Star Line not making a success of a fool, because no head of any steamship company can guarantee what will be the action of the captain of one of his ships when he clears port. If a captain wants to sell or confiscate your goods; if a captain wants to pile up debts on a steamship company for his own selfish profit, what can the president of that corporation do, especially when the individual may be in league with some powers that be, and especially the only powers that could punish him if he creates a criminal offense against the corporation?

Not Until Then

What can Marcus Garvey do if men are employed to do their work and they prove to be dishonest and dishonorable in the performance of that work? What could Jesus do dealing with a dishonest man but to wait and punish him at His judgment? and judgment is not just now. What will happen in the meanwhile—Jesus would be robbed.

Let those who criticize the Universal Negro Improvement Association, the Black Star Line and Marcus Garvey prove to the world their higher ability by doing things, and when they have succeeded in doing things better than Marcus Garvey, the Universal Negro Improvement Association and the Black Star Line, then we will listen. Until then all the vapors of Du Bois, Chandler Owen, Randolph and Cyril Briggs count for naught. No sensible Negro will pay any attention to their ravings.

I trust the Literary Editor of The Negro World will no longer pay any attention to the carping of these irresponsible individuals. The columns of The Negro World are too precious to be used on such unprofitable characters.

I am now making another appeal to the four hundred million Negroes of the world to send their best representatives to our third annual international convention to assemble in New York from the 1st to the 31st of August. We are expecting the biggest assemblage of Negro intelligence ever brought together at any time in the world's history. The program to be discussed is one of vital interest to every black man, woman and child. It is incumbent upon all of us, therefore, to give our moral and financial support to make the convention a bumper success. You can support us morally by scattering the information of our good work, and financially you can send in your contribution to the convention list of 1922. Send \$1, \$2, \$5, \$10, \$20, \$50, \$100 addressed to the Registrar, Universal Negro Improvement Association, 54-56 West 135th Street, New York City. You can also help the movement by subscribing to the African Redemption Fund. Send us your \$5 now, and swell this fund, so as to enable the organization to carry on its propaganda work in the cause of a free and independent Africa.

With very best wishes for your success, I have the honor to be

Your obedient servant,

MARCUS GARVEY, *President-General*

GUERRILLA WAR FEARED AS HOTTENTOTS BEGIN NEW UPRISING

Cape Town Government Alarmed Over Concentration of Forces—Local Hottentots Joining Rebels

CAPE TOWN, June 30.—The special correspondent of the Cape Argus, writing from Knifonk, in the Southwest territory, says the settlers there believe that the trouble with the Hottentots is far from over. A representative of those headquarters are near Alais, on the Great Fish River, forty miles west of Knifonk, reports that the main body of the insurgents have gathered there, and mean to fight. "We shall have to dig them out if it is a wicked country," he added. Nicholas Christian, chief of the Hottentots, told him they were not against the Dutchmen, but that the men were all right. The main grievance appears to be concerned with the branding of cattle. The Hottentots are under the impression that their cattle, once branded with government insignia, will cease to be their own property. The dog is another sore point, and the informant expressed the opinion that the complaints on that subject were not unreasonable. There was abundance of game, and what mattered it if the poor devil died with a few sprigs of bark?

(From the Detroit News.)
In several parts of the world the search of food is a constant. In the valley of Hebron are good to eat. Toward the mouth of the Orinoco, the Ottomans, a native tribe, at certain seasons of the year nourish themselves to a great extent with a fat fern root.

NEGRO VOTES FORCE LODGE'S HAND

Fearing Defeat, He Supports Dyer Anti-Lynch Bill

WASHINGTON, June 30.—To better the prospects of the reelection of Senator Lodge (Republican, Massachusetts) and some of his Republican associates who seek reelection this fall, the Dyer Anti-Lynch Bill was modified today and favorably reported by the Senate Judiciary Committee. Efforts will be made to secure action on this measure in the Senate, but Democrats will oppose it.

PROFESSOR AGGREY FOR SOUTH AFRICA

"West Africa" learns that Dr. J. E. Aggrey is taking up an important position at the South African Native College, Fort Hare, and that he is at present completing his Ph.D. thesis in the Department of Zoology in Columbia University, New York. Dr. Aggrey is a native of the West Indies, since he was building on the hope that the doctor will one day be the head of the African College in West Africa, and he has been in the United States since 1912, when he was elected to a membership in the American Philosophical Society. He is also a member of the American Academy of Arts and Sciences, and is a member of the American Philosophical Society.

JUSTICE H. I. C. BROWN APPOINTED JUNIOR PUISNE JUDGE OF JAMAICA

In the legal profession the Negro and Negroes have always been prominent. In fact, the Negro has ever possessed of exceptional oratorical gifts, and these gifts have shown to be essential in Jamaica. It was announced, Senator Lodge declared, that he is going to support the bill for the purpose of attempting to bring anti-lynching legislation. He urged that a bill be passed and the Supreme Court appointed to pass on its constitutionality.

THE LA CELBA, CUBA, U. N. A. PROGRESSING

For one year and more the La Celba Division of the U. N. A. and A. C. I. has made little or no progress. Great credit is due the officers of this division for their courage and perseverance. Through fighting, neglect and other causes, the La Celba Division has been reduced to a few members. It is hoped that the officers of this division will be able to reorganize the La Celba Division and make it a more active and progressive organization.

BALTIMORE DIV. CELEBRATES ITS 20 ANNIVERSARY

Holds Four-Day Conference—Prominent Persons Attend

BALTIMORE, Md.—The Baltimore Division of the U. N. A. and A. C. I. celebrated its 20th anniversary on June 21 to 24 at the new Liberty Hall, 1420-24 Penna. avenue. The president, Prof. J. L. L. Dugas, presided over each of the four days.

LADY DAVIS VISITS INDIAN HARBOR DIVISION

The Black Cross Nurses headed by their president, Mrs. L. D. Johnson, were present each night in their own homes and added grandeur to the social program. The program was held at the home of Mrs. Johnson, 1420-24 Penna. avenue.

NEGRO WOMEN OF BOSTON WILL HOLD IMPORTANT CONFERENCE

The Black women of Boston are becoming very active in the interests of their people. This is as it should be. It is obvious that any forward movement in the direction of Race uplift must have the support of our women. Their activities in church work and in the various organizations of the city are a credit to the race.

THE SOUTHERN PRESS AND THE NEGRO PROBLEM

By LESLIE G. BRINKLEY
In the ordinary course of the day's news of nearly all Southern newspapers we read stories of offenses committed by some members of the colored race. On the other hand, how many stories do we read giving encouragement to the great articles that they have made since 1918?

SAYS BASUTO BOY FOUND DIAMOND, NOT ANGLLO-SAXON

President of Luderitz Division, South West Protectorate, Refutes Statements Made Regarding African Diamonds. Editor The Negro World.

Editor The Negro World. You kindly grant space in your journal, the mouthpiece of the oppressed millions of the Negro race, to a member of the press, an African entitled, "German Diamonds and the U. N. I. A. to rule in the manner of a just and fearless man in the case."

At this stage the band of the organization rent the air with the Ethiopian national anthem and the new president took the chair.

Refreshments were served in aid of the fund during a short intermission, after which the speaker made a short address and brought the meeting to a close.

The following is a resolution handed in at the close of the election in appreciation of the services rendered by the division by Hon. James Augustus O'Meally, High Commissioner of the U. N. I. A., June 14, 1922.

"To the President, Officers and Members of the Kingston Division of the Universal Negro Improvement Association: As a member of this division I desire to express my appreciation of the manner in which the Commissioner and Executive Secretary have conducted the affairs of the division during the difficult times through which we have just passed, and for the capable, fair and businesslike manner in which the election was carried through. They but did their duty, it might be said, but every one will admit from personal experience that to do one's duty under unpleasant conditions is no mean feat. I am sure that every member present will agree with me in this, and therefore it gives me great pleasure to move the following resolution:

"That we, the members of the Kingston Division of the U. N. I. A., desire to express our thanks to the High Commissioner, the Executive Secretary, Mr. Bruce Forbes, for the able manner in which the affairs of the division were carried out during the time between the resignation and the re-election of the able and judicious President in which the election was carried through."

"We also desire to call to the attention of the members that more respect should be shown to the officers than is shown to us in all the other divisions, that when such as the Commissioner and Executive Secretary, Mr. Bruce Forbes, for the able manner in which the affairs of the division were carried out during the time between the resignation and the re-election of the able and judicious President in which the election was carried through."

"We also desire to call to the attention of the members that more respect should be shown to the officers than is shown to us in all the other divisions, that when such as the Commissioner and Executive Secretary, Mr. Bruce Forbes, for the able manner in which the affairs of the division were carried out during the time between the resignation and the re-election of the able and judicious President in which the election was carried through."

CONVENTION FUND OF UNIVERSAL NEGRO IMPROVEMENT ASSOCIATION FOR 1922

Every Negro Asked to Contribute to Help Make Convention a Success

SEND IN YOUR DONATION NOW

For the purpose of meeting the expenses of the Third International Convention of the Negro peoples of the world, the Universal Negro Improvement Association today opens its "Convention Collecting List," asking every Negro in the world to contribute a dollar or more to meet the expense of this gigantic movement.

The program of the Convention this year will be far in advance of that of the two preceding conventions. Important commissions will be sent abroad from the Convention, and a great deal of constructive work will be done and representatives sent to different parts of the world to carry out the commands of the Convention. Therefore, it is incumbent upon every Negro to contribute his or her bit to meet the tremendous expenses that will be inflicted upon the Universal Negro Improvement Association.

The demonstration this year will surpass anything of its kind ever staged by any race. It is expected that several thousand delegates and members will attend the opening of the Convention on the first of August. Delegates will be coming from all parts of the world to take part in the deliberations of the Convention, and the United States, Italy, Belgium, Spain, Portugal and Portuguese, French, United States, Italian, Belgian, Spanish and Portuguese Governments have been requested to send representatives to the Convention for the purpose of stating their social policies in regard to their government of Negro and Negroid peoples under their dominion.

Please send in your dollars, two, five, ten, twenty, fifty or one hundred, or help in any way you can. Address your communication to Registrar, Universal Negro Improvement Association, 56 West 135th Street, New York, United States of America. All donations sent in will be acknowledged week by week in the columns of this paper.

members for the U. N. I. A. This is just a little less or more than the number of souls John the Baptist converted on his first day's mission when he began to preach and to baptize at Bethabara, famous in lecturing outside, and he can sometimes speak for two hours. Another incident worthy of mention is that he does not gain a member and leave him (or her) to perish, but he cares for them monthly by going around reminding them of their obligation to the cause, i. e., to pay their dues, etc.

"FREEDOM CALLS"

Why should the Negro race be bound And all the world go free? The call of Freedom echoes round On every rolling sea.

QUANTANAMO DIVISION HOLDS SERIES OF EPOCH-MAKING MEETINGS—U. N. I. A. SWEEPING ISLE OF CUBA

Liberty Hall, Guantanamo, Monday Night, May 8, 1922.—The usual weekly literary debating society opened its sessions at 8.10 o'clock. Chairman for the evening, Mr. Charles A. Thomas, president. The association ode was sung, "As from Greenland's Icy Mountains." The subject for discussion, "Unity of Purpose." The first piece rendered was a song by Miss Alma Sanders, B. C. N., "Sweetheart, I Am Waiting," nicely rendered and called for encore. The first speaker introduced was Capt. R. A. Charles. The lecturer handled the subject in a mastery and scholarly manner. He was able to tell how much can be accomplished if this is kept in view. Other nations and races have developed and accumulated great wealth and risen to the highest place of human achievement, said he. Owing to pigmy and weak-kneed leaders of the past, and even of today, have not developed that high ideal of national ambition. The U. N. I. A. with its great program and world-wide international aims, through organization, can and shall accomplish what others have done. Called attention to the late Sir Conrad Reeves, Chief Justice of Barbados, when he represented the West Indies in the late Queen Victoria's Jubilee. The manner in which he displayed that statesmanship that won for him a oratorical fame that caused the Queen to bestow upon him the title of knighthood, and returned to his native land as Chief Justice Sir Conrad Reeves, and so the race today, through unity of purpose, can accomplish great things, said he. There is a tendency in some so-called leaders, "dressed in a little brief authority," most ignorant of what they speak before high heaven as would make angels weep. Mr. Charles kept his audience spellbound for nearly one hour, and rose to the height of eloquence and took his seat amid applause.

The next speaker introduced was R. H. Bacholar (chaplain), who said that he was not prepared to speak on the subject chosen for discussion, as he had no time to consider same, but spoke on the cause of Africa. He was able to bring home to his hearers the possibilities of a free and redeemed Africa, spoke for about thirty minutes and received cheers.

The next speaker introduced was R. A. Williams, on the subject "Unity of Purpose." He handled the subject in an able manner, told how much good can be accomplished if unity is to exist between races and nations. Closing remarks by Chairman Charles A. Thomas, after which the Ethiopian anthem was sung, bringing to a successful close at 10 o'clock.

Second Week

Liberty Hall, Guantanamo, Cuba, Monday Night, May 15, 1922.—The Weekly Literary Society opened as usual. The association ode, "As from Greenland's Icy Mountains" was sung. Meeting called to order at 8 o'clock. Chairman for the evening, Charles A. Thomas (president). Prayer by the chaplain, R. H. Bacholar. The first piece on the program was a song by Mrs. Mary H. H. H., "Red, Black and Green." This was nicely rendered and called for repetition. The first speaker

was R. H. Bacholar, who spoke on "Patriotism," heard to great advantage and received cheers. Song by Miss Agnes Malcolm, "Sing the Merry Call." This was well rendered and she gained the name of Liberty Hall song bird. The next speaker introduced was Capt. R. A. Charles on the subject, "Propaganda." The lecturer spoke as never before as he tried to emphasize the significance of the topic. His analysis of what is propaganda, the cause and effect, telling what has been done through propaganda and counter-propaganda, offensive and counter offensive, drew comparisons with newspapers and magazines and books, the mediums by which we get to know what is happening on the other side. All great reform movements must have propagandists. The U. N. I. A., through its peerless paper, The Negro World, has reached the four corners of the earth, where Negroes are domiciled. The aims and objects are so great that it requires scientific teachings, said he. We want men and more men, men with a purpose, men with a vision, men with a will, men with a broad mind, men with backbone, men who will not compromise, men who have will power, men who know the psychology of the race are the kind of leaders wanted.

Let us look at our third international convention for bigger brains, full-fledged men, men whom we can safely send out among other men of alien races. Among the noble characters I appreciate are E. W. Blyden, D.D., Sir Conrad Reeves, Ferguson, Johnson, Booker T. Washington, Prof. Sir W. H. Ferris, M. A. Duse Mohamed Ali, J. H. Eason, and Hon. Marcus Garvey, the best of them all, and scores of other Negro geniuses. Said he, if you men and women sit idle all the day, how can we prove ourselves worthy of the great cause? We want men for the convention, but let me tell you, we want not a good man, we want the very best we have; men who have practical knowledge of conditions surrounding us; men who will be able to legislate, men who will do their own thinking and reasoning. Oh! Can we find such men, men who can stand up boldly and speak with authority; men who have helped the African Redemption Fund, also the convention fund; helped to place ships on the seven seas—these are the kind of dictators we want, for they have done it; and so they can and are able to tell others to do likewise. Through propaganda we get to know the world's affairs. Let your secretaries measure up to expectations and adopt a proper method of working, so that there can be no criticism. Let your presidents, male and female, quit themselves like men; let them come forward and teach the people, said he. I believe in a constructive critic. As we have launched a program that is taking hold everywhere, even in far off Trinidad comes mighty war from one who have a purpose, Barbados, Grenada and other places in the West Indies, so let us fight the thing through and not get weary or tired until we shall have planted the colors of the Red, Black and Green on the hills tops of our motherland, Africa. Certainly there was food in his discourse as he drove the stage hammer blow and rose to the height of eloquence, was logical, argumentative, and further by cooperation and a mutual understanding between all concerned. Also announced that at the next literary meeting there will be a special discussion, subject, "Some things we must force ourselves

to give up if we, as a race, are to be united and make real, genuine progress." He spoke for 30 minutes before a large and enthusiastic audience, and took his seat amidst rousing cheers, followed by a song by Misses Clairia and Iva Hillhouse. These juveniles are always contributing to our literary meetings and are promoting young Garveysites. Song entitled "We Are Happy Little Ones," this followed by an address by Corporal Alexander Fredericks (Legion) on "Reconstruction," and made a very good impression on the minds of his hearers, and the wonders that can be accomplished if we do the things necessary. He spoke for about 20 minutes. The chairman, Mr. Charles A. Thomas, made the closing remarks, after which the Ethiopian anthem was sung lustily, bringing to a close an enjoyable meeting never to be forgotten by those who witnessed it at 10.30 o'clock.

Third Week

Liberty Hall, Guantanamo, Cuba, May 22.—The usual weekly literary society opened its sessions in the customary form. Our hymn, "As from Greenland's Icy Mountains," was sung. Chairman for the evening was Mr. Vice-President D. Fredericks. The first piece on the program was a song by Miss Agnes Malcolm entitled "I Won't Leave You to Wonder." This was nicely rendered and deserved credit. The first speaker introduced was Capt. R. A. Charles, subject "Opposition." The lecturer called attention to the fact that the time has come for the Negroes to awake to race consciousness, said he. The meaning of the word chosen is a political one, also a logical word. Races and nations opposed one another and the bigger brains win. Individuals opposed one another selfishly. We want characters like Prof. Sir William H. Ferris, J. W. H. Eason, Duse Mohamed Ali, Capt. E. L. Gains, U. S. Poston, and the undaunted leader, Marcus Garvey. I can name dozens of noble men of the race past and present who I believe can match brains with brains, said he. The bulldogs of Europe having gone mad over unsettled world affairs, how are they going to settle the race question? There can be no peace when one-half of the human family is perishing for the necessities of life. The heaps of wrongs committed upon a defenseless people, the terrible privations and hardships with trials, how can the weaker people be satisfied when the stronger ones oppress them? How can those who boast of civilization hold up their heads and talk of humanity when daily atrocities are committed on harmless people? They want taking away of another people's country, Negroes, can we realize the seriousness of the times? When we read of the inhuman acts committed by fierce occupation of the black republic of Haiti and San Domingo, countries made free by gallant leaders, the former by Toussaint L'Ouverture, whose name is written on the pages of history.

Do you not see that impartial white Americans are advocating the removal and to restore the countries to their own rulers? I must repeat the words of Shakespeare, "Man, proud man, dressed in a little brief authority, most ignorant of what he is most assured, played such fantastic tricks before high Heaven as would make angels weep." The lecturer was in excellent form as he delved into the significance of the subject. It was, indeed, interesting; his voice concise and articulate; so vehement that he could have been heard several blocks off, and drew a large crowd inside Liberty Hall; even the people gathered around the doors and windows when there were no seats, to hear him as he explained conditions under which we live; the unreasoning just at this time, the much talked-of peace, the scrap of paper that the opposing nations always boast of when they want to go at war, and surely war is inevitable—nothing to stop the tide of war when it comes. Turning to the president he made a forcible attack, saying that since the literary society started none of them has shown themselves worthy of their office; they have not given or taken part in an interesting manner over its deliberations. Members, these are the kind of leaders you have. I say the man or woman who cannot measure up—make a clean sweep and so let your division reason to the top. He repudiated individuals, saying that they have not been to colleges or universities and that the division has too many learned men. How narrow-minded these men are. Who is responsible for them not having a sound education?

The Universal Negro Improvement Association calls for able men, men with a purpose, men who will not compromise, men who love themselves, love their race; men who are bold and determined; men who are courageous. Mr. Charles further pointed out the non-amicable workings of the secretarial departments; no method, no system. Can we allow careless men to hamper the progress of this movement? Said he, I find officers opposing the literary meeting because they are lame or will cause them to do some thinking. He spoke about fifty minutes. Like Marcus Garvey, "For the cause I live, for the cause I die." Unlike Gandhi, "I do not ask for mercy, give me, give me the full penalty of the law," and like King David of England, who gave his life for his country. Though opposed by the country, Garvey gave his head for his country. Are not these noble

address to the delight of the audience on the subject, "For What Purpose We Are Here." It was encouraging and interesting. Certainly he is becoming Liberty Hall's most popular man. He spoke for twenty minutes. Bro. Samuel Hillhouse (treasurer) on "Health and Wealth." Unlike other members he is one of the few who professed love for the race and the cause of liberty; he also made an appeal to the building fund, new members, convention fund and African redemption fund. Turning to the president, he said: Do not be selfish; you must listen to all little trifling things; you must have a broad mind; must be a real man to lead; you are too selfish; petty things and obstacles are only stepping-stones to great success. Alexander Fredericks gave a short talk; also Prof. A. Bolton on the subject, "What Makes the Man?" Closing remarks by the chairman, who thanked all who had taken part in the literary exercises. This was followed by the singing of the Ethiopian anthem.

On Tuesday, May 23, a special meeting was called for to consider ways and means to send a delegate to the convention to represent the interests of the division, No. 164. The meeting was called to order at 7.30 o'clock. The president Charles A. Thomas, presided, and certain communications were read received from the parent body. The president explained the object and purpose of the meeting was called for, and according to communications this division must send a representative to the Third Annual Convention. After a lengthy discussion of the present conditions surrounding us, also the non-compliance of the parent body to satisfy the members of this division, with the two death grants of John Smith and James Roper deceased, of an age ago caused a tremendous drawback in the advancement of the division. Therefore, we do not see the practicability of sending a delegate, but resolved that this division send a recommendation to the parent body of the finances of the members, also that the High Commissioner to Cuba will be furnished with a similar copy to see that this division redeems its just quota.

Fourth Week

Liberty Hall, Guantanamo, Cuba, May 29, 1922.—At the early hour of 5.30 o'clock, Sunday morning, R. H. Bacholar accompanied Capt. R. A. Charles to Central Isabela, where an open air mass meeting took place. On arrival we were met by brothers Mr. Herbert Saunders and William McKen and Charles Lewis. The news soon circulated around and at 11 o'clock a meeting took place near the square, so as to facilitate those who have not heard the Hon. Marcus Garvey on his recent visit to this section of Guantanamo, were given the opportunity to hear him on the gramophone. The meeting opened with the association ode "As from Greenland's Icy Mountains," followed by a speech of Hon. Marcus Garvey on the gramophone, also the aims and objects were explained. The first speaker was Capt. R. A. Charles, calling attention to the speech and explanation of the aims and objects of the Universal Negro Improvement Association and African Communities' League. The lecturer spoke for nearly two hours in an interesting and eloquent manner, was logical in bringing home food for thought as he spoke of organization, made an earnest appeal for new members, also to help the convention fund and the African Redemption Fund. A prattling large crowd gathered and before the end of the meeting ten new members were enrolled into the fold, also liberal contributions were given in support of the great work to be undertaken. A selection by the gramophone, "Shine On, Eternal Light," was received with much attention, Mr. R. H. Bacholar (Chaplain) also delivered a forcible address. A wonderful appeal for support, financially and otherwise.

He was listened to with rapt attention and received cheers. Another selection on the graphophone, "Beautiful Bird, Sing On." This, too, was well admired. Several other selections on the graphophone, such as "All by Myself," "Sleep on the Roses." Then the audience joined in singing "O God, Our Help in Ages Past," after which the Ethiopian anthem was sung lustily, all standing at attention, at 1.30 p. m. We promised to return in two weeks' time. We were accompanied to the town of Jamaica to take train by the

following members: Rev. Alexander Charles, George McKen and Hubert Saunders. Arrived at Guantanamo about 6.30 o'clock and joined mass meeting in Liberty Hall. Meeting opened as usual. The president, Charles A. Thomas, who was in the chair, also acted as master of ceremonies, assisted by R. A. Williams. Reading of Scripture lessons, Ps. 104, "Bless the Lord, O My Soul." This being over, the literary and musical program follows: The first piece rendered was a song by A. Malcolm. The first speaker was Capt. R. A. Charles, on the subject, "The Value of Propaganda." The speaker emphasized the topic in a well befitting manner, and also reported his mission to Central Isabela with R. H. Bacholar, the good it has done, the observations made, the conditions under which our people live in these remote parts, the new members added to the fold, the earnestness of those longing to hear about Garveyism, and the bright future that is in store for them. He spoke for 30 minutes and received rousing cheers. The next piece was a song by Misses Clairia and Iva Hillhouse, nicely rendered. The next was an address by Brother S. Hillhouse. Brother Ramsay, member of propaganda, also spoke. The chairman, Charles A. Thomas, paid a glowing tribute to the two officers who volunteered to go out to bring in new members to the division and asked that a vote of thanks be given to the deserving officers. It was also announced that Sunday, June 4, the following officers and members will visit Los Canos: David Ramsay, chairman, Board of Trustees and propaganda; R. A. Bacholar, R. A. Williams and Capt. R. A. Charles, chairman of Honorary Advisory Board. The Ethiopian anthem was sung, thus bringing to a close an enjoyable evening at 9.40 o'clock.

On Sunday, June 4, 1922, at about 3.30 o'clock, Messrs. David Ramsay, chairman of propaganda; R. H. Bacholar, chaplain; Prof. R. A. Williams and Capt. R. A. Charles left by auto mobile for Los Canos, where it was previously announced that a mass meeting would take place on Sunday, June 4th inst. We arrived at the above place about 5 o'clock. The news soon spread around and we went about inviting members and friends to come and hear the object and aims of Garveyism. At 6.15 p. m. the meeting began in the Company Theatre. A fairly large crowd gathered. The organ was placed at our disposal and the organist gave us some fine selections. Mr. David Ramsay acted as chairman for the occasion. The first piece was the speech on the graphophone by Hon. Marcus Garvey. The first speaker introduced was R. H. Bacholar, who in 20 minutes gave a wonderful discourse on the cause of Africa's freedom. He also appealed for new members, the convention fund and African redemption fund. He was listened to with rapt attention and received cheers. Selection by the graphophone, "Beautiful Bird, Sing On." The next speaker was Capt. R. A. Charles, who explained the speech and explanation of the aims and object of the U. N. I. A. and A. C. L. He also made an appeal for new members and financial help, giving a 20-minute talk, and captivated the hearers, at the end of which 13 new members were enrolled into the fold of the U. N. I. A. R. A. Williams, member of propaganda, spoke for nearly 20 minutes and brought home many striking facts and so cleared away the many doubting Thomases. Selection on the graphophone, "Shine On, Eternal Light." The organist also gave some fine selections. The chairman made a few brief remarks, thanking members and friends for their attention, and promised to convey back to Liberty Hall, Guantanamo, their loyalty to the cause of Africa's freedom. The singing of the Ethiopian anthem brought to a close a successful mass meeting for the first time at Los Canos. According to scheduled time, we left Los Canos at about 7 o'clock and returned to Liberty Hall at about 8 o'clock, where we met the meeting going on. The spiritual part being ended, the literary and musical side follows: The president then announced that the officers who have volunteered to do field service have returned from a trip to Los Canos. At this stage the chairman of propaganda, Mr. David Ramsay, gave briefly a summary of our visit, and

the financial side will be given by Capt. R. A. Charles, recording secretary. The president then called on Capt. R. A. Charles to give his report. After outlining what we have done, the splendid work and the eagerness of those who came into the fold, the new spirit of Garveyism having been enthused into them, also read the names of the 13 new members who joined our ranks; also secured convention fund, thus adding to the division 23 new members during the last fortnight. Therefore we, the four, have assumed the name of the "Dauntless Four" and are prepared to bring in by August over 100 new members. A. H. Bacholar and R. A. Williams gave short talks in an encouraging manner. Selection by the choir, "How Excellent"; also solo by Mrs. M. Bennette, during which the collection was taken up. Solo by Miss Alma Saunders. These pieces were well rendered, followed by Miss Julia Dawson's solo, "In the Church of Our Lord." Closing remarks by chairman, who congratulated the officers, who are now called "The Dauntless Four," for their splendid
