## 'GENTLEMEN, CAN YOU LET THE TIGER LOOSE?'

—MATTUCK

FELLOW MEN OF THE NEGRO RACE, *Greeting:*

Our race has passed, and still is passing, through a crucial period of test. We have been taxed to the fullest to prove of what mettle we are made. The fight has been between the ingenious hordes who desire to destroy the new ambition of our race by themselves and through some of our own and those of us whose vision is clear in the fight as warriors for a place in the economic and political sun of the world. The issue, to the multitude, is not very clear, and that is why a large number of Negroes laugh at the work of the Universal Negro Improvement Association, because they are blind and foolish and cannot see the service this great organization is rendering not only to this generation but to posterity of our race. The enemy has tried to make little of the work of the Universal Negro Improvement Association and to cause ridicule around the name of Marcus Garvey, but they are not simple in their design and in their thrust against the effort that is being made for racial manhood. They know well that if they can succeed in prejudicing the Negro's mind against all efforts that are being made in his behalf they will ultimately win out in the fight to keep the Negro in his place, that of being a serf, a peon and a dog; but with the vision of the few of us who have rallied to the standard of the Universal Negro Improvement Association and have clasped in our hands the Red, the Black and the Green we see no other course but that of fighting without relenting, determined as we go to emancipate a race and to free the land of our fathers.

### *The Capitalist and Exploiter*

Behind the whole scene is the effort of the capitalist and exploiter whose hand is now throttling Africa, who sees by the effort of this organization the possibility of his being dislodged in his design to exploit the land of our fathers, and to ruin forever the rising hopes of four hundred millions of our race.

### *"Can You Let the Tiger Loose?"*

In the trial of the case of the United States against Marcus Garvey we recount the closing remarks of the Jewish District Attorney. He was not representing the spirit of our great American government; he was but representing the spirit of mob violence, the mob of capital, the mob of enmity, the mob of malice toward Marcus Garvey and the Universal Negro Improvement Association. What was his final appeal to the jury? "Gentlemen," he said, "can we let these men go back to the people?" meaning thereby that the twelve men of the jury should give a verdict that would prevent Marcus Garvey and those who lead the Universal Negro Improvement Association going back to perfect that organization that stands out unmistakably in the interest of our race, because the organization is a thorn in the side of other Negro movements that have been playing with the race issue. He was afraid that the Universal Negro Improvement Association would ultimately destroy the ambitious National Association for the Advancement of Colored People. What did he further say? "Gentlemen, can you let the tiger loose?" The American Government does not regard any individual as a tiger. The

### ALL AFRICA STANDING TOGETHER FOR A BIGGER DAY

### MOREFIELD STOREY, PRESIDENT OF N. A. A. C. P., AT DISTRICT ATTORNEY'S OFFICE

United States Government is not afraid of any organization, therefore we can plainly see that Mattuck, the Assistant District Attorney, was not making a plea for the great United States Government, but was making a plea for the N. A. A. C. P. to save that association from the force and power of the Universal Negro Improvement Association. He was afraid that Marcus Garvey would go back to the people and tear the National Association for the Advancement of Colored People from its simulation and destroy it forever. But whether he wishes it or not, time will tell, because truth cannot be crushed permanently—it shall rise and tell its own tale.

### *President of N. A. A. C. P. at District Attorney's Office*

Why did the President of the N. A. A. C. P. visit the District Attorney's office of New York the very day Marcus Garvey's case was called? Why was he behind the doors? Was it for the purpose of using his influence to get Garvey? But, fellow men of the race, we are not cowards; we cannot be intimidated; we have made up our minds to fight the issue out, and we are going to fight for Africa's redemption, even though the present generation passes away. The cowards who have fought the Universal Negro Improvement Association have done so under cover. They have tried to use other influences and forces because theirs failed, and all will fail in their fight against this organization, because we have laid our foundation on the stone of righteousness. We take courage in the fight for victory in imitating the grand and noble men who have played their part in the struggle for races to climb to the top. The Irish have struggled and are reaching the top; the Egyptians have struggled and have reached the top; many of the other oppressed races have struggled from a lower rung of the ladder than Negroes have; therefore we need not lose hope, confidence or faith. Our day will come when Ethiopia shall stretch out her arms to embrace the world of sin.

### *Rally to the Colors*

Let us now rally to the colors; let us work harder than we have ever done; let us see to it that the program of this organization is put over.

### *Preparing for 1924 Convention in Africa*

We are now preparing for our 1924 convention, which

is to be held on African soil. As was stated in our issue of last week, all the local Divisions, Branches and Chapters of the Universal Negro Improvement Association will hold local conventions for 1923, and the program should be that of preparing for the greater convention in Africa in 1924.

### *A Greater Black Star Line*

The Black Star Line in name might have failed, but the Black Star Line in spirit has not failed, and cannot fail. We are going to so work that we shall have a greater Black Star Line, a Black Star Line of greater ships, that shall span the seven seas.

### *We Will Do*

The Universal Negro Improvement Association is capable of doing what it says it will. Four hundred million Negroes are capable of lifting themselves, even after one failure, to many other successes. So let us bend our hearts and minds toward the resurrection of one of our biggest efforts, and that is to put our ships on the seas, to link up our people throughout the world, to convey to them their commerce and their trade, to make them a greater people industrially and commercially, to lay through such a source the foundation of empire.

### *Africa's Sons and Daughters*

We live in a time when Africa's sons and daughters are abused, ill-treated and spurned, but they shall not always be in such a condition or state with the evolution of things, and with the changes that come to men, races and nations we feel sure that Africa's star will rise. That star is rising now, rising out of the chaos of the past, rising out of slavery, out of serfdom and peonage into the light of truth and manhood, into the light of empire.

### *Be Bold, Be Courageous*

Lose not courage, therefore, but hang your hopes to that star and travel with it toward destiny.

You can help this great organization at this time financially and morally. Do not bestint yourself in supporting this great and worthy cause. If you can give \$1, \$2, \$5, \$10, \$20, whatsoever you can, send it to the Secretary-General, Universal Negro Improvement Association, 56 West 135th Street, New York City, and help us carry on the work and put over the program that we have before us.

With very best wishes for your success, I have the honor to be

Your obedient servant,

MARCUS GARVEY,

*President-General,*

UNIVERSAL NEGRO IMPROVEMENT ASSOCIATION.

NEW YORK, June 20, 1923.

P. S.—Once more I beseech all Divisions, Chapters, Branches and members to do all in their power to send in their monthly financial reports, so that the Parent Body can be in a financial position to meet its tremendous liabilities in upholding the principles and objects of the association. Members, see to it that your officers make their regular reports. This is your duty, and this will convince us of your loyalty to the cause.

JUDGE JULIAN MACK'S MASTERLY CHARGE TO THE JURY IN THE BLACK STAR LINE CASE

He Was Eminently Fair and Impartial and Said the Summing Up of Marcus Garvey Was Both Clear and Remarkable

At five minutes past eleven o'clock the double rail-tat—a kind of a second degree rap—announced the coming of the judge.

Standing with both hands in his hip pockets in a hat right arm, talking to the jury and also the rest of the court, he expounded the principles of the law.

The writer missed the medieval Orestes of the crime in an English court. The wigs and gowns of the members of the Bar and the Judge in his black silk gown and heavy horse hair wig—implements of torture, that, however much they contribute to the dignified appearance of the court, are now more or less obsolete.

Then it there is any truth in allied misfortunes traveling in groups, this truth has been truly proven by this race, in slavery, peonage, lynch, Jim-crowism, segregation, oppression, misrepresentation, criticism, opposition, boycott and rape, but he hangs on still with that grim determination, until the time arrives when a man is found to turn him to the right about face, and at last he begins to think, and in doing so he makes the whole world think as individuals, as race groups and as nations.

But Marcus Garvey has inspired them to think for themselves. Hence, they have decided to go to the mountain that they were told would come to them.

There is no doubt that the Negro race is in a position to make a great contribution to the world's progress.

HOWARD UNIV. ALUMNI ELECTS OFFICERS AFTER AN ALL NIGHT FIGHT—ADJOURNED 7:30 A. M.

The Howard Alumni Association elected its officers this year amid one of the stormiest sessions in the history of the organization.

The first session of the annual meeting opened Monday, June 4, at the Library Hall by the first vice-president, Rev. Dr. J. M. Carter.

The second session opened at 8:30, June 7, with President Isaac N. Nutter, of Atlantic City, presiding.

When the meeting adjourned at 7:30 a. m. on Friday morning, the officers elected were: President Carter, of Washington, D. C.; first vice-president, Dr. J. M. Carter, of Washington, D. C.; second vice-president, Dr. Charles C. Johnson, third vice-president, Miss Lillie Burke, financial secretary, Mrs. Lillian H. Brown, recording secretary, Miss Nellie Quander, treasurer, 115 Palmont Street, N. W., Washington, D. C.; William A. Sinclair, M. D., executive secretary, with headquarters at 809 Florida avenue, N. W.—The Washington Tribune.

President Carter in a graduate of two departments of Howard, perhaps the leading colored attorney of Pennsylvania, belonging to the DuBois faction of the race. His two sons will graduate from the college department of Howard, and his younger son has such talent for drawing that he prepares the coverings for his high school publications.

# MARCUS GARVEY FOUND GUILTY ON ONE COUNT--SENTENCE SUSPENDED FOR TWO OR THREE DAYS

### Jury Out Ten Hours--The Case Against Thompson, Garcia and Tobias Dismissed

The jury sitting in the case of Marcus Garvey, Orlando Thompson, Eliee Garcia and George Tobias, charged with using the United States mail to defraud, after being charged by Judge Mack, retired to the jury room at twenty minutes past twelve o'clock Monday afternoon, June 18. They returned to the court room about twenty

minutes past ten in the evening. The government's case against Thompson, Garcia and Tobias was dismissed, Marcus Garvey was found guilty on count No. 2, second indictment. He will probably be sentenced some time this week. There were originally eight counts to the indictment. Three counts were dismissed, leaving five counts, and Marcus Garvey was found guilty on one of these counts.

First among the trees of Africa is the oil palm--first in beauty, first in utility and first in fertility. Queen of forest and plain, the *Elaeis guineensis* fascinates the traveler she so loves to befriend--her graceful fronds, like some fluttering banner, greet him from the hilltop; she stands friendly sentinel on the outskirts of the native village, while her graceful beauty is equaled by her everflowing bounty, says John H. Harris in the "Atlantic Monthly."

## LITTLE GRAY HOMES ARE NOT BEST

### By DR. B. S. HERBEN

There are so many sicknesses and so much misery and loss of money and unhappiness in the world because of disease, that we wonder just what are the causes and what we, as individuals, can do about it. One of the places to begin missionary work, they say, is at home. Why not think over the matter of homes together for a few moments? Do homes have anything to do with disease and poor health? They most certainly do!

## GAS IN THE STOMACH IS DANGEROUS

### Recommends Daily Use of Magnesia To Overcome Trouble Caused by Fermenting Food and Acid Indigestion

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

# OUR OIL AND GAS IS FLOWING THE WORLD WONDER IS GROWING YOUR OPPORTUNITY IS - - GOING

It is just as possible for you to invest a few dollars in stock in a good Oil Company and in a few years draw down a few thousand, as it is possible for an oil company to invest a few thousand dollars in an oil property and in a few years draw down a few hundred thousand or a few million. In each case it is just a question of investing at the PROPER TIME.

## SOME OF OUR PROPERTIES

About three years ago we paid \$3,500.00 for a Royalty on 80 acres at Beggs, Oklahoma, in 28-15-12. We now have on this property a Big Gas Well and a Big Oil Well. We have already refused TWENTY-FIVE THOUSAND DOLLARS (\$25,000) for this property, and it may be worth a half million in another year when fully developed.

A little more than three years ago we paid Five Thousand Dollars for 1/2 royalty in 40 acres in 17-15-10, Creek County, Okla., and have refused Ten Thousand Dollars for it. This property has not been drilled on yet, but is practically surrounded by Big Wells and should be developed this summer. This property will very likely be worth a few Hundred Thousand Dollars when developed.

A little more than two years ago we paid the Masonic Lodge at Tabor, Okla., One Thousand Dollars for a lease on its lot. We drilled a well on it and brought in a Two-Hundred Barrel Well. This well has already paid almost a Hundred Thousand Dollars, and is now paying more than a Thousand Dollars per month. This is one lodge you cannot join. They have closed their doors to all new members. World Wonder owns 1/2 interest in this entire well.

Down in Brazoria, Texas, close to the famous West Columbia field, where a well produces over a MILLION DOLLARS' WORTH of oil in ONE MONTH, we recently purchased a drilling contract on eleven hundred acres. The Transcontinental Co. is now drilling two wells about a mile from us. If either one of them come in a roaring Gusher, OH, BOY! GOOD-BYE!

We are hoping that conditions will warrant us to finish our well at Mexia, Texas, soon, which now stands 2,700 feet deep with only 400 more feet to go to reach the usual depth where the Big Gushers are found.

The Mid West Life Insurance Company, which was organized and financed largely by the World Wonder, has just succeeded in increasing its authorized capital to a HUNDRED THOUSAND DOLLARS, will soon be spreading all over this United States. It will not only make lots of money for World Wonder stockholders, but will employ thousands of Negro men and women.

The World Wonder owns many other valuable oil properties too numerous to mention and are buying others.
