BIG CONVENTION OF NEGROES OPEN IN CITY OF NEW YORK

FELLOW MEN OF THE NEGRO RACE, *Greeting:*

In another couple of days the eyes of the civilized world will be turned toward New York, where the Fourth Annual International Convention of the Negro Peoples of the World will be assembled. Searching for the expression of the new Negro's sentiment as touching his attitude in a wounded world, a world that has been stirred to its greatest depth in the search that is being made by the races and nations for a place of safety and protection, the Universal Negro Improvement Association has called together the representatives of the four hundred million Negroes of the world to have them decide now and forever the status of the entire race: whether we shall go backward, remain stagnant or unitedly face the world with a program of

We have no doubt that during the month of August the representatives of the Negro peoples of the world at Liberty Hall, New York, will give out a program that will change now and forever the position of the Negro in the affairs of the world. We want action during the month of August, and we are going to have it. We will have it because the delegates who will assemble here during the convention will be men and women of fearless character, who are not afraid of the criticism of others, but who have self-conviction, and that conviction shall express itself without fear.

Everybody at Carnegie Hall

Every road will lead to Carnegie Hall on Friday, the 1st of August, when, at 8:30 o'clock in the evening, the delegates will assemble en masse to listen to the official declarations and keynote expressions of the convention. August 1 will be celebrated all over the world as an international holiday for Negroes in the West Indies, Africa, South and Central America and in North America and Canada. We will celebrate the day with gladness because it opens up a new era of our racial existence.

Unite Our Forces

Let us unite our forces as never before and get behind the Fourth Annual International Convention. Let us support the Universal Negro Improvement Association by carrying out its program during the month of August, so that, when we adjourn, a new chapter will have already been written in the history of our race.

As has been stated before, we are looking forward to 1924 and 1925 as the biggest years in the history of our great movement, and we have cause to be glad at this time for the success that has attended our efforts. The Universal Negro Improvement Association is now known throughout the world. Men, races and nations are watching us, and surely we shall acquit ourselves at this convention as real representatives of the people. We ask the financial

MOVEMENT GROWS IN SPITE OF WORK OF ENEMIES

and moral support of the race all over the world. Those who cannot attend the convention should send to the Parent Body of the Universal Negro Improvement Association all selves everywhere, working to make the whole program successful. The Black Cross Navigation and Trading Company also makes demands upon us at this time. The corporation needs more funds to purchase its first ship. We want everybody to work, and work hard, to make it possible to have our first ship in September.

The Enemies at Work

Enemies of our race have flung their nets far and wide, but what do we care about the enemies, if we keep our eyes on the star of African destiny? Care not what the enemy says; care not what the enemy does; fight your battle and yield not, falter not; but keep your mind firm and victory is bound to perch upon our banner, the glorious banner of the Red, the Black and the Green.

Men and women, there is no stepping or moving back for the Universal Negro Improvement Association. There is but one duty, and that is to go forward facing any opposition, go forward facing even the legions of hell, but go forward. Let that be the inspiring determination of every member of the Universal Negro Improvement Association and of the Negro race.

They Shall Not Pass

As the Allies through their united command determined during the great World War that the enemy should not pass, so we repeat that "the enemy shall not pass." They shall pass only when every black man has passed away from the face of the earth, but until then the Universal Negro Improvement Association shall fight on and on until we have planted the banner of the Red, the Black and the Green on the firm pillars of liberty.

Those who think they can thwart and defeat the plans of the Universal Negro Improvement Association, we say to them, come on and you will see a race fight as never before. We have Africa united in the spirit of the Universal Negro Improvement Association. We have the West Indies, South and Central America and the United States

of America united in the one spirit that the Negro shall be free, come weal, come woe, and so we assemble ourselves during this month to lay down the sacred principles upon which we shall climb and be guided, the principles of human love, of justice, of fellowship to all men.

Desire to Be Just

We of the Universal Negro Improvement Association do not desire to be unfair and unjust to either individuals, races or nations. All that we ask for is a square deal, and for that we shall agitate, for that we shall fight. During the month of August in our convention we shall let our voices be heard throughout the four corners of the world. We will let it be known that the Negro is still alive. The Negro is now making his demand for the return of his native land. Cowardly Negroes may cringe and bow before what they think to be superior powers, but we of the Universal Negro Improvement Association shall never bow. We shall fight for the cause of African redemption because we believe it just.

Independence for Negroes

If it is just for the Englishmen to be free; if it is just for Frenchmen to be free, then it will be just for black men to be free in the land of their fathers. Therefore, there is no compromise; there is no apology for what we have said and done. We are making a fight for freedom and for democracy; so let us enter into the spirit of the 1924 convention as real men. Let us remember that it takes manhood and backbone to win the battle of life, and such manhood and backbone we want in the Universal Negro Improvement Association and in the Negro race. Let every one rally around the Universal Negro Improvement Association during the month of August. Let every one give whatsoever financial and moral support possible, and then we will feel sure that the program can be put over.

Thanking you for the support you have given in the past, and feeling sure of its continuance, with very best wishes, I have the honor to be

Your obedient servant,

MARCUS GARVEY,

President-General,

UNIVERSAL NEGRO IMPROVEMENT ASSOCIATION.

New York, July 30, 1924.

P. S.—During the month of August all Divisions, Chapters, Branches and members of the Universal Negro Improvement Association are requested to do their best in sending in their financial reports to the Parent Body. Keep up all your financial obligations so that the organization may have the necessary funds to carry on the work.

SOUTH AFRICAN NATIVES ALIVE TO INTERESTS

List of Grievances is a Formidable One and Shows the Natives Know Their Rights and Not Afraid to State Them

NOW UP TO NEW PREMIER

From 'The Workers' Herald', Official Organ of the African Worker. The native voters of the Cape Province met in convention at King's College on the 28th inst. to discuss the political situation arising from the dissolution of the Union Parliament. The meeting was held in the evening and was characterized by determined exhibitions of debating power.

The convention decided not to commit itself to any political party but to place the grievances and the needs of the Bantu and other European communities before all parties and candidates soliciting native votes. The convention adopted the following manifesto: This convention is of opinion that the time has come for the Government to open facilities for the natives to enjoy the privileges of the Agricultural Land Bank from which they are at present excluded.

This convention strongly desires that the Urban Areas Act, 1912, be amended so as to permit the natives to acquire franchise rights in the Urban Areas. This convention urges that the Native Land Act of 1913 be repealed or amended in accordance with the recommendations of the European Bantu Convention of Johannesburg (September, 1923).

This convention suggests that the European court interpreters should be replaced by natives. This convention urges upon Parliamentary representatives the desirability of extending franchise rights to the natives of the other Provinces of the Union.

This convention urges that the Pass Laws as at present operate in the Northern Provinces be abolished. This convention urges that the Pass Laws as at present operate in the Northern Provinces be abolished.

This convention feels that the time has come for the appointment of a whole time Minister of Native Affairs. This convention is opposed to the importation into the Union of ultra-nationalist elements.

This convention desires to express the approval of minimum wage regulations which have been passed in all kinds of occupations by compelling employers to pay not less than the fixed minimum to unskilled and untrained labor, irrespective of race or color.

This convention calls upon Parliamentary parties or candidates to define in detail their segregation policy before the polling day of the pending general election.

This convention resolves: (a) That native, primary education be transferred from the Provincial Council and be placed under the direct control of the Union Parliament. (b) That a uniform system of native education be inaugurated through the Union.

PARS LAWS: That this convention definitely opposes any form of pass law in the Cape Province, and the sections in the Native Urban Areas relating to the pass system be amended by Parliament.

PRINCE TAFFARI OF ABYSSINIA ON VISIT TO BRITISH CAPITAL

Pictureque Robes Win London's Admiration as His Highness and Entourage Drive Through City in Royal Landau—Visits Buckingham Palace and King Returns Call—Historic and Political Event

ENGLAND, FRANCE AND ITALY, IN AFRICA, LIE BETWEEN ABYSSINIA AND THE SEA

(From the London Star, July 9) The Queen and I, in welcoming you to the capital of the British Empire, rejoice to have this opportunity of being personally acquainted with you. During your visit every facility will be provided for you to see whatever in this country may afford you interest.

In London's wonderful evening this pictureque and spectacular episode in the presence of His Imperial Highness Prince Tafari, Emperor of Abyssinia, is a great event. The King and Queen were outside the palace gates to see the Regent arrive and leave. He stayed at twenty minutes, and returned to Albert Gate with the Duke of York, a motor with Earl Granville following in order to take the Prince to his hotel. The Regent said a visit to the Tower of London. This afternoon the King himself returned the call, and directly afterwards the Regent said a visit to the Tower of London.

The government's hospitality department is showing its courtesy activity in the program for the distinguished guest. Several theatres have sent pressing invitations for his patronage one night before he leaves on Sunday, but his choice has not been made. The program for the visit of the week: Tomorrow—10.30, visit St. Thomas's Hospital; 1.30, lunch with the King and Queen in levees; 2. p. m., Zoological Gardens; 8.15, dinner at Forbes House with the King and Queen. Sunday—10.30, Law Courts; 11.30, St. Paul's; noon, Wembley Exhibition and official luncheon; 2.30, dine at the Grosvenor; 3.30, decorations, start on Downing Street; 4.30, dine with a couple of lions and tigers and a kind of show-ry that bites you.

Two royal landaus were at his disposal, and in the Regent's robes, he is a very different figure. He is wearing a very simple, but certainly elegant, suit. He is wearing a very simple, but certainly elegant, suit. He is wearing a very simple, but certainly elegant, suit.

PROF. M. A. FIGUEROA, Editor

Elemento que se vende lucha en contra de su propia raza oponiéndose al gran movimiento universal—Su propaganda viciosa tiende a destruir nuestro adelanto—Nuestras masas no deben soportar por mas tiempo tal política de intrigas, prodició malvado de la envidia.

Existe al presente un grupo de nuestro elemento siniestramente organizado con un campo de acción en este país y en las antillas, quienes con la mayor desfachatez niegan su procedencia, y son directa o indirectamente utilizados para destruir las aspiraciones de los miembros concientes y progresistas de la raza. Estos iscarotes en los campos luminosos; ella nos invita con sus galas atractivas, y nos brinda con desinters de alabanza, para que creemos un movimiento para poder nuestros anquilados campos. Los millones de hombres negros que habitan en su América están replegados al olvido; ellos necesitan de una revolución ideológica para despertar en sus cerebros el ideal sagrado, dentro del cual podamos encontrar una base sólida para nuestra prosperidad.

Si pensamos en el futuro, comparemos su posibilidad con el pasado y encontraremos que el elemento siniestro será la organización de nuestra raza; sin duda alguna la evolución y progreso humano nos está advirtiendo lo que ocurre mañana, los negros de su América tienen que prepararse impremedidamente para defenderse de ese cataclismo humano que surgirá en no muy lejano día.

Edifiquemos a nuestros amigos, organicemos los trabajos agrícolas y comerciales, levátemos nuestras banderas, defendamos nuestros territorios, con lo cual podremos demostrar a las otras razas la calidad de material de que somos constituidos. Ya veremos reflejar allí en las mas altas condiciones sociales al hombre negro como estadista, como educacionista, como industrial, como financiero, como ingeniero, como escritor, como poeta, como filósofo, como patriota, abomemos el futuro de los negros, no los dejen ser útiles para la raza, sino que debemos servirnos para la patria, aunque ya hemos oído decir que ningún servicio le da la patria a la raza negra, porque para nada sirve, por cuidado con ese anuncio que se publica en los periódicos de los Estados Unidos, manifestando que el movimiento Garveista iba a invadir a Liberia con fuerza armada, creando así un prejuicio en el gobierno de aquella república para con nosotros. Ellos saben muy bien que no hay tal movimiento Garveista, sino que para confundir un tanto la mente de nuestro pueblo y evitar incurrir en un libelo, mencionan el movimiento de Garvey cuando quieren referirse a la Asociación Universal para el Adelanto de la Raza Negra. Muchos no realizan que esta organización tiene mas que perder que ganar al invertir sus alabanzas en la cooperación del desarrollo de Liberia, la cual, indudablemente, algunos de estos parásitos desearían explotar y robar.

La república de Liberia no ha despreciado la oferta de esta organización para cooperar a su desenvolvimiento industrial y comercial. Muy por el contrario, la organización está registrada en aquel gobierno con capital de un millón de pesos, y solamente cuando aquel pueblo manifieste oposición, debemos entonces prestar atención alguna a las alabanduras de estos comprados, quienes son capaces de vender su honor por un plato de lentejas. Si llegara el tiempo en que Liberia no necesitara de la ayuda de nuestra organización, hablaríamos muchos otros medios de invertir nuestras energías y nuestra financia en pro de nuestra raza.

Nuestra organización no puede ser perturbada, en su camino hacia la realización de sus grandes ideales; ella posee un programa que revela las aspiraciones de la raza universalmente, y sabrá ponerlo en práctica concientemente. Nuestra raza leará en su historia por los siglos de los siglos sobre la perdición de estos vividores, quienes intentan a cada paso detener este gran movimiento de progreso. Nuestro honorable presidente lo ha expuesto todo con el objeto de quitar el antifaz del rostro de estos traidores de la raza; ellos, por medio de su política, sometieron a un enajenamiento privándole temporalmente de su libertad personal; pero ni las amenazas, ni el aislamiento forzado le intimidarán.

La mala intención de estos judas es luchar en contra de este movimiento y del honorable Garvey, dar toda clase de noticias falsas sobre la organización e difundir en este nuestro un sentimiento en contra nuestra para que éste no patrocine el gran ideal, ni preste cooperación alguna a los nuevos proyectos de la organización. Ellos podrán hoy día actuar en contra de la raza, pero el día llegará en que se vean pesados en la misma balanza. El poder temporal no es una garantía para la seguridad estable, y por ello, cuando no veamos revestidos de tal autoridad temporal, no debemos abusar de ella pues tarde o temprano seremos motivo de burla cuando se nos vea de nuevo a la intemperie. Que continúen estos politiqueros recurriendo a la ayuda de sus dueños y de sus agentes, pero ninguna política ha de destruir el poder de esta organización, la cual ha distribuido su fuerzas por los cuatro puntos del globo.

Comite industrial de Dagua, Colombia, órgano de los intereses de la raza negra

Ciudadanos de nuestra raza: Este comite os saluda e invita para que unidos vayamos a luchar por el bienestar y progreso de nuestra colectividad. La situación en que vivimos esta tan desconcertada por la miseria, que existe en casi un noventa por ciento de nuestros compañeros. Es preciso volver nuestras miradas hacia el porvenir, pues se hace necesario levantar una organización con la cual podamos salir de ese círculo tan estrecho en que habitamos. Se vuelven los ojos a uno y otro lado y solo se encuentra miseria y abandono; salgamos de ese estado de agotamiento intelectual que nos domina, y sepáramos de esa atmósfera asfáltica en que vivieron nuestros antepasados. Sigamos en pos de aquella luz que vemos reflejar hacia el futuro, y nos mostren maravillas que nos esperan allí en esos campos luminosos; ella nos invita con sus galas atractivas, y nos brinda con desinters de alabanza, para que creemos un movimiento para poder nuestros anquilados campos. Los millones de hombres negros que habitan en su América están replegados al olvido; ellos necesitan de una revolución ideológica para despertar en sus cerebros el ideal sagrado, dentro del cual podamos encontrar una base sólida para nuestra prosperidad.

Información sobre la controversia Anglo-Mejicana

C. B. Warren, embajador de este país en Méjico, vendrá a presentar oficialmente su renuncia al presidente Coolidge. No se sabe aún quién será su sucesor, pero en vista de su extraordinaria familiaridad con los asuntos mejicanos y su éxito allí, consíderase probable que se le consultará personalmente en materia de la elección de su sucesor. En centros bien informados se cree, no obstante, que transcurirá algún tiempo antes de que se nombre nuevo embajador y que durante algún tiempo los asuntos de Méjico se basará particularmente en que Méjico tiene aquí un encargado de negocios, cargo que ocupa de momento el señor Téllez, que ha tenido larga experiencia en la diplomacia en Washington. En todo caso, el anuncio no tendrá lugar antes del regreso de Europa del secretario de estado.

Soberanía incontestable

La república de Cuba no ha de entrar en transacciones sobre su título de soberanía en la Isla de Pinos. Los funcionarios cubanos tienen toda esperanza en el sentido de los Estados Unidos ratificando al fin el tratado Hay-Rueda entre las dos naciones, a pesar de que Cuba ha consentido en un arreglo por espacio de veinte años. En caso de que persista la diversidad de opinión entre los dos países, Cuba no consentirá en negociaciones, que aparentemente serían la única solución. Ella sostiene que su soberanía sobre la isla es incontestable y deberá confirmarse plenamente. Un funcionario dice que el abandono por parte de los Estados Unidos de toda reclamación de la isla por el tratado, basado en la concesión de estaciones carboneras y navales que habia prometido previamente el gobierno cubano a los Estados Unidos, constituye una violación del tratado en la última sesión, pero los residentes norteamericanos en la isla se oponen fuertemente a la ratificación de los acuerdos mencionados. El comite de relaciones exteriores presentó informe sobre el tratado en la última sesión, pero los residentes norteamericanos en la isla se oponen fuertemente a la ratificación de los acuerdos mencionados. La revolución del Brasil

Un hecho insólito y que no tiene precedentes más que en la suscripción por el gobierno inglés durante la gran guerra, de las franquicias de guerra a los individuos que se dedican a la industria de la guerra, se ha dado en el Brasil. El gobierno de Rio ha autorizado a los fabricantes de municiones a que se dediquen a la industria de la guerra, se ha dado en el Brasil. Defendiendo la labor infantil

La oposición a la enmienda sobre el trabajo de la infancia de la constitución de los Estados Unidos de parte de los Estados Unidos, se ha dado en el Brasil. El gobierno de Rio ha autorizado a los fabricantes de municiones a que se dediquen a la industria de la guerra, se ha dado en el Brasil.

Gabinete dominicano constituido

El departamento de Estado en Washington ha recibido un despacho de la República Dominicana en que se le informa que el gabinete ha sido constituido. El primer ministro es el señor Dr. Rafael María de San Román. Los miembros del gabinete son: Ministro de Relaciones Exteriores, señor Angel Morales; de Hacienda, señor J. D. Alfonso Rodríguez; de Justicia, señor Pedro Alibéres; de Fomento, señor Andrés Pastorez; de Agricultura, señor Rafael Esquivel; de Sanidad, señor P. Arias Arce.

Tras un entendimiento Internacional

El ideal del comite femenino recientemente organizado para crear una buena voluntad internacional, proyecta una federación mundial de mujeres de todas las tierras cuya influencia moral pueda hacer cesar las guerras por todos los tiempos. Es un ideal demasiado alto, pero no de difícil realización, dijo la señora Clyde Clarke al embarcarse como representante principal del comite en tierras extranjeras. Ella visitará Alemania, Francia, Italia, Suiza, Checoslovaquia y Austria, viviendo en los hogares de los pobres para dar cuenta de sus más urgentes necesidades y sembrando el germen de la amistad entre las mujeres de este país y de las otras tierras.

El secretario de estado en Londres

Es un discurso pronunciado en Londres por el secretario de estado de los Estados Unidos, en una comida que dio en su honor la sociedad de peregrinos, dijo al hablar de los asuntos del hemisferio occidental: Tengo el placer de decirles que el hemisferio occidental es un modelo de paz. Nuestra doctrina Monroe es una de las seguridades de paz en esta gran parte del mundo. No quedan en Hispano América serias fuentes de controversia. Las viejas disputas fronterizas han sido solucionadas o están en proceso de solución. La completa armonía que reina en la región del Caribe hay una deplorable inestabilidad, pero tratamos constantemente de influir en pro de los gobiernos constitucionales.
