“Africa for the Africans” No Longer Invites Ridicule---Negroes Now Take Pride in the Desire to Possess the Homeland

“Africa for the Africans, at home and abroad!” The Negro “Battle Cry of Freedom,” well known to every member of the Universal Negro Improvement Association. A slogan born in the mind of the greatest Negro the race has produced, which has so inspired millions of Negroes all over the earth that within a decade the whole outlook of a race has changed.

Pioneer members of the Universal Negro Improvement Association need to feel proud of the fact that they had the foresight and strength of character to step out from the mob and grasp the hand of Marcus Garvey. Thousands there are who joined the organization in its earlier years and who have held on through thick and thin, in spite of everything the enemy has done to discourage. These are the trail-blazers of Negro Nationalism.

“Africa for the Africans!” A novel thought, once upon a time. But not now. A thought once ridiculed. But not now. A thought which has become so real that it is the daily food of millions of black men and a menace to millions of white men. And the Universal Negro Improvement Association has had the honor of planting and nourishing this seed which eventually will prove to be the salvation of the most oppressed race in the history of the world.

Africa, beloved of the black man, is on the lips of the world today. There are those who would try to make you believe that the black man who longs to possess it is a fool. But who thinks that the white man who is trying to grab the last foot of its rich territory is a fool? There are those who would say that to acquire it is impossible. But those are either the faint-hearted Negroes to whom history is no inspiration, or wily white men who would throw dust in the black man’s eyes so as to keep him forever in subjection. But the wide-awake, progressive Negro will never be fooled again by either of these enemies of Negro freedom.

The time has passed when members of the Universal Negro Improvement Association need to feel that they are being ridiculed when those who have become saturated with the white man’s outlook, call the followers of Marcus Garvey “Back-to-Africa” folks. Who wouldn’t want to go back to the richest country on the face of the earth? Those who want to stay where they are planted can do so. But how can any sane Negro believe that it is ridiculous to want to possess the land that God has given him and where millions of his people reside?

Members of the Universal Negro Improvement Association should feel encouraged by the remarkable spread of Garveyism since the imprisonment of the Honorable Marcus Garvey. Thousands are preaching “Garveyism” and calling it something else. Negroes everywhere have become inspired to be something besides the faithful watch-dogs of their white masters. African Negroes are waking from centuries of slumber and are reaching hands across the sea to their black brothers, asking for aid in their struggle to come from beneath the iron rod of oppression. And Negroes across the sea are hearing that cry and are preparing to lend that aid.

Each year brings with it its new crop of converts to the principles of the Universal Negro Improvement Association. And in proportion to the growth of this great organization will the Negro hasten the founding of a Negro nation and the possession of “Africa for the Africans.”—The Editors.

AFRICAN CHIEFS NEGOTIATING FOR TRADE WITH U. S.

Agents from Nigeria and Gold Coast Out to Sell Agricultural Products to U. S. and Buy American Merchandise in Turn

Co-operative agencies are being organized in Nigeria and the Gold Coast with the unequalled support of native rulers, to sell large quantities of agricultural products to this country and, in turn, buy American merchandise...

MENCKEN AND THE NEGRO

Distinguished Publicist Sees Genuine Progress of the Negro in the Fact That Pastors Are Relieved to Minor Place in Leadership—'Nothing Comes Out of Negroes, Led by Pastors, but Moans'

H. L. Mencken is the stormy petrel of American journalism. He is a man apart, and being so, he is roundly ratted and hated by thousands. But what he has to say commands the attention of millions.

It is, therefore, with great pleasure that The Negro World here reproduces an article written by Mencken about the Negro. It is, I think, a sign of beginning and that in the near future both he and Heywood Brown will consign to print some of the things they most perplexing question of the age.

For the present we would concentrate attention upon this paragraph of Mencken's, the last paragraph of an article from his pen published in 'The New York World' on Sunday, July 17:

'Now the Negroes begin to pile up wealth, and their business barons become their principal leaders. It is, I think, a sign of genuine progress if only because it reduces the colored pastor to a minor place. He has led the race since the Civil War and he has made a dreadful blotch of it. His influence today, though it is still declining, is still for the bad. Those Negroes who follow him remain ignorant and ridiculous: Nothing comes out of them save moans.'

has ever written anything even half so good.

The same applies to those who in the past have been the mainstay of the Negro press. No Negro novelist has ever written a novel even remotely comparable to such things as 'Babbalanza' and 'The American'.

Even the Negro publicists make a sorry showing considering their opportunities. It is seldom, indeed, that one of them turns out an article or a book of any genuine value.

It is, I think, a sign of genuine progress if only because it reduces the colored pastor to a minor place. He has led the race since the Civil War and he has made a dreadful blotch of it.

MOUND BAYOU, MISS. Negro Community, Has No Prison

(Editorial in the Graphic, N. Y.) Mound Bayou, Miss., which is a town of 1,500 inhabitants, all Negroes, has just celebrated the fortieth anniversary of its founding.

It has a \$100,000 brick school-house, a library and churches, but lacks one thing considered essential—in fact, the place de resistance—in large white communities.

Mound Bayou has no jail. It is merely redundant to say that this example of enlightened and literally 'good' citizenship is a tribute to the race. It is an inspiring challenge to all the people of the nation.

ANOTHER NEGRO IN THE TOILS OF AMERICAN JUSTICE AS DEALT OUT TO THE BLACK MAN

Negro and His Wife Worked on Peonage Farm—Goaded Into Killing Persecutor, Then Condemned to Death—Negro Boy Who Witnessed Tragedy Sentenced to Fifty Years Imprisonment—Appeals to North for Help from Texas Justice

(From The Chicago Defender) AMERICAN JUSTICE

We print below a letter from Robert Stanley, a young man in Texas who has been sentenced to die for murder. He is convicted for killing a white man, a white court tried him, and he is now awaiting execution by white men. White newspapers have never revealed the facts as set forth in this letter and there is no reason to believe they ever would reveal them. It is just another case of American justice as meted out to members of our race by the country that now has troops in China. We believe Stanley. His case is too typical of conditions in this country to admit of any doubt as to its sincerity. Here is the letter:

June 26, 1927. To The Chicago Defender: I Robert Stanley, am here condemned to die for murder for killing a white man whose name was E. E. Morgan.

The reason I am writing is to ask help, for I was unjustly tried. This man made me commit the crime.

He worked both myself and my wife from the third week in September, 1926, until February, 1927, and would not pay us one cent. His farm was located at Crossleyton, Texas.

I left the place Dec. 18, and he sent the sheriff after me. I was arrested and put back to work on the farm, guarded day and night by Lawrence Lee, a white man. When Morgan tried to kill me on Feb. 14, 1927, I had to do something.

I was tried in the same county where I was arrested. A boy 16 years old who was on the same farm was also tried.

20,000 Headstones for Dead in France

WASHINGTON, July 11 (U. P.)—Headstones for America's largest overseas garrison—the 20,000 dead in France—have been ordered by the War Department. The installation of most of them is expected to be completed by the time of the American Legion convention in September.

The permanent markers will be of white marble in two designs, the cross for those of Christian faith and the Star of David for graves of Jewish soldiers.

The inscription on each stone will consist of the full name of each soldier, his rank, regiment, division, date when he came and date of death.

Headstones for the graves of the unknown dead will be inscribed as follows: AN AMERICAN SOLDIER KNOWN BUT NOT GOD.

The markers for the unknown soldiers will be divided proportionately in the ratio of the unaccounted among the soldiers of Christian and Jewish faith.

Following installation of the permanent headstones on the 20,000 graves 10,750 will still remain to be marked. The total American dead overseas number 20,750.

MAKE THE LOCAL CONVENTIONS A SUCCESS: WHAT is worth doing at all is worth doing well.

As there will be no international convention of the Universal Negro Improvement Association this year, but rather conventions of the locals, a comprehensive program for which has been suggested by Acting President-General Fred A. Tootie, it is of the utmost moment that the members do their best to make the local convention a great success.

A very ambitious program has been made for the opening day of the local convention in New York city, in which distinguished persons in many walks of life are expected to participate.

The watchword is: Make the convention of the local success.

AFRICANS FAIL TO COME TO THE UNITED STATES: WHY do people leave their country for some other country, is a live question which furnishes a basis of reaching the social, civil and economic conditions of the nations.

When people are satisfied they have no disposition to leave their homes and friends. They can easily be made dissatisfied by an abnormal condition in the administration of justice.

It is on that account that France seeks to give her colonial a larger measure of representation in local government than the other European countries.

Europeans and Western Asiatics showed a lively disposition to get into the United States during the last fiscal year.

Most of the European quotas were exhausted before the end of the fiscal year, and some of the countries have a waiting list literally a yard long.

Africans have never figured very generously as home-seekers in the United States even when the European rush to do so averaged a million persons a year.

There is a long list of countries or principalities the natives of which showed no disposition to crash into the United States.

and not the least of the social, civil and economic opportunities they may have, or be able to make, in the countries where they consider themselves "as pilgrims and strangers," looking longingly and hopefully to repatriation in their own land.

THE JUVENILE MEMBERS OF THE ASSOCIATION

THERE is nothing more important, and nothing more difficult, in the work of the race than the proper care and training of the children.

There is nothing more colorful and hopeful in the life of the Universal Negro Improvement Association, and nothing clearer to the affections of the Hon. Marcus Garvey, the spiritual father of them all, than the juvenile members.

And in the activities of the association the children have a well-defined part to play, and we all know that they play it faithfully and with the loyalty and enthusiasm of youth.

We are proud of the juvenile members of the Universal Negro Improvement Association and the hope they hold out in carrying on the great work which their elders are ready to turn over to them.

They are a positive element of strength to the association and should be encouraged to persevere in the good work.

LARGEST COTTON GROWERS SHUT DOWN FOR THE YEAR

THE FLOOD in the Mississippi Valley States, which destroyed a vast volume of farm values, also disorganized the farming industry to such an extent as to necessitate late planting or no planting at all.

The English syndicate which operates one of the largest cotton farms in the world, with headquarters at Scott, Miss., and which employs many Negroes on 43,000 acres on the co-operative share-cropping plan, and is said to constitute a very large element of the helpful community of interests, has decided to abandon its cotton handling for the current year.

The Negro World has many readers in the Mississippi Valley States, and it sympathizes with them in the disasters of flood and boll weevil which have come upon them within the current year.

It is said that the cotton growers have decided to raise more corn, fodder and pork products, with poultry and dairy development. If they do this as a matter of self-preservation it may prove to be a liberation from the slavery of the one-crop cotton into the freedom of diversified farming.

UNOFFICIAL WAR IN NICARAGUA

Fifty Killed, Many Wounded, Including One Marine Dead, When U. S. Forces Seek to Crush Nicaraguan Patriot

MANAGUA, Nicaragua, July 17.—United States marines and Nicaraguan constabulary severely repulsed Gen. Sandino, recalcitrant Liberal, who attacked Ocotual Saturday afternoon and again today.

The rebels were bombed by planes sent from Managua, which apparently did considerable execution.

The marines, numbering thirty-nine, were under command of Major Harold Platt, while the constabulary was under Lieut. Grover Darnell.

Ocotual is a small town about 110 miles north of Managua.

Two scout planes returned here from Ocotual yesterday and reported to Gen. Platt, Commander of the American forces, that the marines and constabulary were defending the town against Sandino and 200 men.

Five bombing planes were dispatched immediately to Ocotual, but they encountered stormy weather. They reached Ocotual after a difficult fight and dropped bombs on the outskirts of the town.

All five bombing planes started on the return journey last night. Two of them were forced to land near Leon, another five to Honduras in order to escape the storm, while the remaining two reached Managua.

Bombing planes were again dispatched to Ocotual this morning and aided in repulsing Sandino's attempt to take the town.

Gen. Sandino, who has been occupying American mines at San Fernando recently, refused to surrender.

A MAN WITHOUT A NAME

It was in the month of December, 1822. Colored Rice and family were seated around a bright wood fire, whose blaze lighted up the large dining room in their old mansion, situated ten miles from Dayton, in the State of Ohio.

never intended that man should be the slave of his fellow-man.

I resolved that I would be a bondman; my own father was in the war of 1812. Still, sir, I am a slave, a chattel, a thing, a piece of property.

For many weeks I traveled by night and lay by during the day. O, how often, while hid away in the forest, waiting for aught to come, I thought of the beautiful lines I once heard in a country.

"What is your name?" "I have no name," said the fugitive. "I once had a name—it was William Adams, and there should be war with England, that I will take up arms against my own country."

"Then let the glorious anthem peal. 'O, how often, while hid away in the forest, waiting for aught to come, I thought of the beautiful lines I once heard in a country.'"

"You are welcome," said Colonel Rice to me from his room, as I went to the window and looked out, as if apprehensive that the fugitive's purpose was to get from my room. My "comrade" continued he and I will add on your way to Canada, for you are no longer in my power."

"Are you afraid of breaking the law by assisting this man to escape?" remarked Squire Loomis.

"If you aid him in reaching Canada, and we should ever have a war with England, may he be like you arms in a fight against his own country," replied the Squire.

"The fugitive eyed the law-abiding man for a moment, and then exclaimed, 'Take up arms against my country! What country, sir, have I? The Supreme Court of the United States, and the laws of the South, doom me to be the slave of another man. I am not a man of color, but a man of color and stripes, where I can stand and be protected by law. I've seen my mother sold in the cotton fields of the South, and my brothers as they were driven away in chains by the slave speculator. The heavy Negro whip has been applied to my own shoulders until its biting lash sunk deep into my quivering flesh."
