Marcus Garvey Deposes Knox For Disloyalty to Cause

Lynching Cases Are Closely Watched by Race Members All Over; Test of South's Justice

Oklahoma, Texas Take Action; London Press to Be Corrected

CHICKASHA, Okla., June 12.—Twelve white men were arraigned on Federal charges growing out of the lynching of Henry Argo, half-wit colored youth here May 31, in the court of the United States Commissioner Monday. Fear was prevalent that an attack would be made on the colored section of the city due to the tense feeling created by the hearing, and extra police were on guard.

Dentist Beaten
All those arraigned pleaded not guilty and were ordered held on \$2,000 bond pending trial in Federal Court. Four posted bonds and were released, the others, including Dr. J. A. Anderson, Democratic political leader and dentist, and G. W. Skinner, husband of the woman lynched, were falsely accused of assaulting, who were severely jailed in his office Sunday night by two colored men, was released from the General Hospital Monday. It was the attack on him that it was feared would precipitate a riot.

ACT AT SHERMAN
SHERMAN, June 12.—The Grayson County grand jury was called to reconvene Friday presumably to investigate possible new developments in the investigation of the riots here May 9.

Nationalists Tighten Nets In No Tax Move

Britain Apprehensive—Bombs Become Fashionable

BOMBAY, June 18.—With the coming of the rainy season, hailing attacks of the Indian Nationalists against the Government today strengthened their fight against the non-payment of taxes—which has succeeded the salt raids—in two widely separated areas.

In the Gujerat, where civil disobedience has been widespread since Mahatma Gandhi opened his campaign there March 12, the Government has begun attacking movable property of those who refuse to pay land taxes. The raiders lock their doors and hide when tax collectors appear, or flee in the fields, so attachment was restored to.

To the northeast, in the Punjab, police today arrested seventeen tax evaders in a village twenty miles from Delhi.

The Nationalists here continued processions and demonstrations today. When Pandit Motilal Nehru, Acting President of the All-India National Congress, reached here today he led a parade of Nationalists from the Indian quarter to the Congress House. He was called, it is understood, by the Bombay Congress Committee, which has been pushing the movement for the picketing of foreign cloth shops and liquor places.

V. J. Patel, former Speaker of the Legislative Assembly, appealed to the students to give up their studies for twelve months and devote themselves to Congress work.

BOMBAY, June 19.—The Bombay police had to charge again today to disperse the curious crowds blocking

English Woman Rejects Medal as India Protest

LONDON, June.—A dispatch to The Daily Herald says that Miss Ida Dickinson, who received the Kaiser-I-Hind silver medal in the King's birthday honors for social work in Bombay has refused the honor as a protest against the Indian Government's "policy of repression."

She also resigned from the Bombay Legislative Council, of which she was the first and only woman member.

Miss Dickinson's home is in London.

South African Congress Men Elude Whites

Natives Hide Their National Leaders, Help Them to Escape

Cape Town.—Following the shooting of non-Europeans by the police at Worcester last Sunday week, a mob of armed white hoodlums took charge of the town. They assaulted a number of native and colored people, but their main object seems to have been to lay hands on Nkomo and Tsonjani, the two militant leaders of the African National Congress. Our two comrades lay for four days hidden in the native quarter, while armed white "citizens," white detectives and colored "trap boys" prowled about trying to discover their whereabouts. The white "Vigilance Committee" kept watch at the station in order to prevent their prey from slipping through their fingers.

It is to the everlasting credit of the Worcester non-Europeans that nobody betrayed the hiding place of the two leaders, so that it was possible eventually to get them safely away to Cape Town, where they now are, and where there is no danger of their being lynched.

This gives the lie to the "Cape Times," which gloatingly stated that the Congress was dead in Worcester because people were no longer wearing the Congress badge. The badge was not worn, because it would have been courted death at the hands of the openly Fascists to have worn it openly. It is more than the reporter of the "Cape Times" would have been prepared to do under like circumstances. But that the people remained loyal to their organization is seen in the successful escape of Nkomo and Tsonjani from the hands of the murder gang.

British Interested In Sales of Cloth

More So Than In Buying Their Tanganyika Mandate, Report to League Reveals

GENEVA, June 18.—More and more clothes are being worn by the natives of Tanganyika, the League of Nations Mandated Commission learned today from the British representative, Mr. Jardine, Secretary General of the administration of that African mandate. Imports of cotton goods, he said, had risen from 25,000,000 yards in 1924 to 37,000,000 in 1929.

The native women, he also told the commission, did not live in a state of servitude, but enjoyed "the greatest liberty," their status in native law comparing favorably with that of the men. Certain tribes even had women chiefs, and the mandate is concentrating now on the organization of female education.

Forced labor had been greatly reduced, Mr. Jardine said, but he held it still necessary in exceptional circumstances. The Mandates Commission interrupted its extraordinary session on Palestine to hear Mr. Jardine because he had to leave Geneva, but as soon as its examination of him ends it will resume consideration of its report on the Holy Land.

Marcus Garvey Makes Statement Regarding Knox; Real Shake-Up Begun; New Leaders Appointed

TO WHOM IT MAY CONCERN:

This is to certify that Madam M. L. T. DeMena, international organizer, is representing the PARENT BODY of the UNIVERSAL NEGRO IMPROVEMENT ASSOCIATION of August 1929 of the WORLD in the United States of America. She is authorized to visit all divisions, branches and Garvey Clubs in the country, in the interest of the organization. All officers and members are requested to observe this notice.

(Signed) MARCUS GARVEY.

NOTICE

Mr. E. B. Knox is no longer regarded as First Asst. President-General and has no authority in the organization. He has disqualified himself by making no reports of his activities, and by raising monies for over a year and making no report of same, and by fraudulently collecting funds from divisions from time to time.

The only recognized SPECIAL PARENT BODY REPRESENTATIVES in America are:

Mrs. S. V. Robinson, of Cleveland, Ohio, and the Rev. Ethel Williams, of Baltimore, Md.

(Signed) MARCUS GARVEY.

President-General.

Universal Negro Improvement Association, African Communities League

(August 1929) of the World.

Edelweis Park, 67 Slippe Road, Cross Roads P. O., St. Andrew, Jamaica, B.W.I.

Sailors Taken In Race Rioting

Sailors Trying to Mash Pretty Negro Girl Plebeiate Riot

NEW LONDON, Conn.—Twenty-four United States Sailors were placed under arrest recently as rioting which raged here, with 200 seamen and 350 Coast Guardsmen on one side and several hundred Negroes opposing them.

The declaration of war between the whites and the blacks is asserted to have come about through an attempt by L. A. Newsom and Athol B. Williams, sailors from the submarine base, to force their attentions on an attractive colored girl.

She fled with Williams with a rock and turned her fury on Newsom. Sailors seemed to pour from every doorway in answer to their signals of distress. The Negro citizens, for whom this battling with bluejackets is not new, poured out too and the war was on.

Rocks, clubs and fists and occasionally a knife were the weapons employed in the ensuing battle which raged until 5 a. m., despite all the police and fire department and a few State troopers could do. In the course of it the sailors not going so well—drew on the Coast Guard station a mile away for reinforcements.

Receiving their call to arms by some underground system the Coast Guardsmen, 350 strong, forsook their beds, deserted the base without permission and joined the fray.

Indo-China Warfare Alarms French Press

PARIS, June.—(U. P.)—Disquieting rumors of almost daily bloodshed in French Indo-China despite the government's efforts to minimize the situation, are beginning to alarm the Paris press.

Long editorials urged the need of swift, decisive action, profiting by Britain's experience in India, in today's newspapers.

"There is every evidence that Moscow is inspiring the Annamites to the same program of passive resistance and refusal to work and pay taxes which is troubling India," said L'Intransigeant. "If 20,000,000 men refuse to work it is not difficult to envision what France will be up against."

England Greets Race Americans

London, June 17.—The distinguished group of colored American women delegate to the International Council of Women at Vienna, Austria were highly entertained by English Society when they stopped in England for a number of days. Mrs. S. L. Stewart, president of the National Association of Colored Women, who is heading the group, said they received a cordial reception.

One of the fetes for the visitors was a reception at the home of the winner of the noble prize, Dr. A. V. Hill and his wife, in Old Middlesex. Mrs. F. A. Keynes, president of the N. C. W. in England and Scotland, entertained. The group also attended a performance of "Othello" in which Paul Robeson is starring.

Among those in the party are: Sallie W. Stewart, Ind.; Mrs. Cora Allen, La.; Miss Jane Hunter, Ohio; Mrs. S. Joe Brown, Iowa; Mrs. Lucy Jefferson, Miss.; Mrs. L. T. Miller, Okla.; Miss Nellie Weaver, Green; Miss Meta Felton, Mich.; Miss Hallie Q. Brown, Ohio.

Island Cricketers Arrive On Matura

Crowd on Hand to Welcome Visitors—Play New York League On Saturday

The S. S. Matura of the Trinidad Line docked this morning at 8.30 A. M. in Brooklyn, pier 20.

On board was the much heralded, picked West Indian cricket team. All members seemed to be in good condition.

The S. S. Matura left Damerara on June 7, stopping at Port O' Spain, Trinidad, six days, where a cargo of pitch was taken on. From there to Grenada; from Grenada to Dominica and then to New York, in all, the trip took sixteen days.

Mr. Smith, the Virgin Islands' representative, arrived yesterday Sunday, on the S. S. Hall of the Colombia Line.

It is rumored, we were informed by Mr. B. I. Gilles, one of the members of the visiting team, that Mr. George Francis, Barbados' star triangler, died recently. He was on the

Arabs Mourn Hanging of Their Brethren; Becomes Memorial Day

ACRE, Palestine, June 17. Three Arabs, Fuad El Hedjazi, Mohammed Khalil Jumjum and Atta Ahmed Elzeer, paid the supreme penalty in the Acre prison this morning for having murdered Jews almost ten months ago during the riots, despite many efforts to save the condemned men.

Fuad El Hedjazi, who murdered his Hebrew teacher and another Jew in Safed and who was recognized by the daughter of the latter when he appeared at the hospital ward, was the first to be hanged, at 8 o'clock, at attempts to obtain postponement of the execution on the basis of a confession of his brother having failed. Atta Elzeer, convicted of the murder of the noted Sephardic Rabbi Castel at Hebron, was hanged at 9 o'clock, his two wailing wives being among the relatives specially allowed in the prison environs. Mohammed Jumjum mounted the gallows an hour later.

Contrary to Oriental custom, the prison authorities first refused to hand over the bodies to the relatives for private burial, evidently fearing demonstrations, but the Arab Executive later undertook to prevent demonstrations and the bodies were turned over to the shrieking families for burial.

All day long a strong guard was maintained, the police forbidding the people to walk in the streets until 11 o'clock and military and police cordons guarding the prison, a medieval fortress deriving its name from St. Joan of Arc.

Arabs in all the towns observed mourning, the Arab Executive having proclaimed that the day should be henceforth observed as a memorial day, while at the same time exhorted all to keep calm. Nevertheless clashes with the police occurred this morning in Jerusalem and Jaffa.

Einstein Asked for Mercy

BERLIN, June 17.—Speaking as Zionists and non-Zionists, Dr. Albert Einstein, Oscar Cohen, former Socialist member of the Reichstag; Rabbi Check and Ernest Toller signed a telegram that was sent today to Sir John Chancellor, High Commissioner of Palestine, urging him to pardon the three condemned Arabs as an action which would facilitate Arab-Jewish good-will.

Mme. DeMena, International Organizer of U. N. I. A., Brings Hon. Garvey's New Instructions

"To the Members of The U. N. I. A. in the United States of America"

Greeting:
I have great pleasure to again be on your shores, and to extend you the hand of fellowship in the name of the scattered members of the Universal Negro Improvement Association all over the West Indies, and Central America, who are conscientiously and zealously fostering the work, and especially the program as laid down by the Convention in August 1929; I bid you carry on. Men will yet live to see the virtue of our cause.

Yours for the cause Africa.

M. L. T. DeMENA,

International Organizer, August, 1929 of The World.

Now Parent Body's Representative—Knox Deposed—New Officers Named

Madame M. L. T. DeMena, the intrepid worker and the International Organizer of the Universal Negro Improvement Association, arrived in New York on Wednesday, June 18th, from her triumphant tour in Central America and the West Indies. She was all radiant as she was escorted into The Negro World's office.

Mme. DeMena was in youthful mood and in excellent health although she expressed a desire to shake off seasickness. But it had disappeared within two hours, and she was at her desk, telling us about how enthusiastic the new awakened Negroes are wherever she went.

Sends Greetings
A burning message of love, gratitude and courage has been sent to all Negroes in the United States.

Brings Credentials
Mme. DeMena, who saw the President General before she sailed for New York, has brought new credentials from the Headquarters in Jamaica, B. W. I.

Mr. E. B. Knox is no longer considered as the First Assistant President-General, which virtually means that Mr. Knox has been deposed. Mme. DeMena is now representing the Parent-Body in the United States.

Special Representatives

There are two other recognized

Liberian Chief Cites Cases of Horrid Slavery

Forced Labor, Flogging Prevalent; Highest Officials Involved

BALTIMORE, June.—A dispatch to Afro-Americans sent by mail by one of the chiefs reveals horrid conditions of open slavery and illegal conscriptions for forced labor.

The following information was presented to the international slave process by one of the tribal chieftains, at their first hearing.

Chief Broh, paramount chief of Frenoph, who has been a fearless opposer to the policies of the King's administration, related how he was flogged and humiliated before the people whom he was supposed to rule, because of his refusal to deliver fifty of his subjects to be carried off into bondage at the request of Vice-President Yaney.

Conscription Ordered

A letter addressed to Edward H. Blackett, district quartermaster of District No. 1, was filed with the probers, dated September 21, 1927. It reads as follows:

Sir:
You are hereby ordered to proceed immediately with these soldiers upon receipt of this letter, by instruction of the Honorable the Commissioner General, John W. Cooper, of the Liberian Hinterland, R. L., down to Green Ville Sinoe, with as many men, laborers, as you possibly can, not exceeding 250, and there deliver them to Hon. Samuel A. Ross for the purpose of being shipped to Fernando Po, per orders of His Excellency, the President, C. D. B. King.

Each man is to take with him a hamper of cleaned rice for his ration.

Japan's Handicap At London Revealed

U. S.—Japanese Talks Reported to British in Advance, Chief Delegate Tells Tokio

TOKYO, June 19. In his report to the Cabinet today on the London Naval Arms Conference, Reijiro Wakatsuki, Japan's chief delegate, who returned here yesterday, said that Japan was placed at a disadvantage during the proceedings at London because all the negotiations between Japan and the United States were immediately reported to the British, and that frequently American proposals were made to Japan through the intermediation of the British delegation.

"We had little to do with France and Italy," he said. "Great Britain and the United States had reached a previous understanding, and the only question remaining to be settled between them was whether the United States should have twenty-three or eighteen large cruisers.

"Whatever negotiations the Japanese delegates had with the United States were immediately reported to the British delegation, and the American delegates often had the British state the American demands. This method of negotiation placed Japan in anything but an advantageous position.

"Japan had to adhere to her original demands, and therefore, the result was that the conference was

(Continued on Page Eight)

Britain Moves To Change East Africa Policy

Native Interests Must Be Paramount Duty of British Government

LONDON, June 19. After a delay of six years the British Government today outlined its policy in regard to East Africa, where there is a large Indian population.

As in India the goal of self-government, according to the White Papers issued tonight, "cannot be reached at an early date in a community where it has been thus far precluded by the population less than 1 per cent. of the population and where the idea of any substantial extension of the franchise finds little general support."

Commissioner to Be Named
A High Commissioner for Uganda, Kenya and the mandated territory of Tanganyika is to be appointed with wide powers in a dual office—first, as chief adviser on native and other policies to the British Government, and, secondly, as High Commissioner to administer certain economic services in all three territories. The government, therefore, has come down heavily on the side of the much-discussed Hilton-Young report in deciding that supervision of native affairs must hold the principal place among the duties of the High Commissioner.

The second document reiterates the purposes of the British policy toward native races in tropical Africa and expresses the government's determination to assist those backward races "to develop themselves socially, politically and economically."

Again backing the Hilton-Young report, the government says the native races are to be made to feel secure in their lands and that elaborate safeguards will surround the conversion of native lands to public uses. The natives will have greater
