Garvey's Weekly DIGEST

LONDON, England. FELLOWMEN OF THE NEGRO RACE, Greetings:

On the eve of my sailing home for Kingston, Jamaica, I shall once more appeal to the Negroes to close their ranks and be ready to close on the program of the mighty Universal Negro Improvement Association and carry it to fulfillment. We have no time to waste, no time to engage in bickerings.

Will Lay Plans

As soon as it is humanly possible I shall report upon my European mission and lay plans for our future activities. For we now must act and act quickly. Otherwise the advantages may again slip away from our very grasp.

Financial Aid Needed

Let me repeat that both the Parent Body and The Negro World now sorely need your financial support as never before. Without funds it will be impossible to carry on our manifold duties. We must have money. We must have loyal and competent men and women if we mean to achieve success in our goal of African redemption.

Rally to the colors of the U. N. I. A. with both financial and moral support.

I have the honor to be Your obedient servant, MARCUS GARVEY, President-General, Universal Negro Improvement Association, Aug., 1929, of the World.

New Congressional Districts Invalid

Report If Lower Court's Decision Is Upheld Chance for Electing Negro Remote

ALBANY, N. Y.—Reapportionment of the two houses of the State Legislature is invalid, Supreme Court Justice Ellis J. Stanley ruled in a decision made public November 8.

The decision was made in a test case agreed to by the Republican and Democratic State Committees.

The case will be appealed to the State Court of Appeals, and then to the Supreme Court of the United States, because of the importance of the subject. The decision of Justice Stanley upheld the contention of Democrats that reapportionment could be effected only by a law, signed by the Governor, instead of by concurrent resolutions.

Although Democratic leaders have asserted that reapportionment was invalid without the Governor's signature, none has ventured to guess what the status of the Congressional districts will be if the Supreme Court of the United States shares their view. The picking of delegates to the national conventions, the State's representation in the next Congress, all depend on the redistricting.

Upholding of the Stanley decision by the U. S. Supreme Court would present the possibility of the entire Congressional delegation being elected at large, giving that solid block of votes to the party which carried the State. Possibility of electing a Negro Congressman from New York City appeared less with the new Congressional reapportionment held invalid by Supreme Court Justice Stanley.

It had been thought that the new district would present a better chance for a Negro candidate being elected to Congress, as practically all of the Negro vote in Harlem would be included in the new district, with the elimination of a large block of the white vote, which always in the past has defeated the colored candidates.

THE NEGRO WORLD IS SOLD ON ALL NEWSSTANDS IN HARLEM To keep up with progress in every walk of life, you should secure a copy each week.

Negro Market Is Potential

Business Men Told to Pay More Attention to Negro Purchasing Power

WASHINGTON, D. C.—"Education is satisfying in itself and it always pays its way. More ample educational facilities for our colored fellow-citizens will prove an eminently worth while investment from every conceivable business as well as social point of view," said Dr. Julius Klein, Assistant Secretary of Commerce, in a radio address as the speaker of the Negro educational program, a part of the Educational Week series delivered over the National Broadcasting System.

"The increase of wealth, productivity and consuming capacity among Negroes," he said, "has progressed in the same proportion as their educational advancement. Education of the Negro pays by creating more wants and increasing his purchasing power. Plainly, then, it is the part of wisdom for our business to give careful and persistent thought to the Negro as a potential market."

"The future success of business in this country absolutely requires an increasingly high standard of the intelligence in our citizens and, that means, most assuredly, a great extension of educational facilities for colored people."

He presented a statistical picture of the status of Negro business and gave data on the extent of the Negro market. He also described the development of the C. M. A. Stores, a group of Negro-owned groceries sponsored by the National Negro Business League and commented upon the advance in commercial education being made by the race group, incidentally he paid a compliment in connection with the progress of business to James A. Jackson, a Negro member of the Department of Commerce staff, whom he described as "competent" and to whose work he gives much credit.

With reference to the business possibilities of the Negro, he said, "The Negro has proven that with opportunity, he can achieve success in almost any business field. He is eager to know how to fill his place effectively in any of the diverse spheres of industry and trade. In general, he earnestly desired to be equipped to meet the demands that may be made upon him for service to the nation and the age in which he lives."

Chinese Urge League To Impose Sanctions

WASHINGTON.—Hope that the Council of the League of Nations will act upon the provisions of Articles 15 and 16 of the League Covenant so as to "put an effective and immediate stop to Japan's aggressive activities" was expressed in a statement by the Fourth National Congress of the Kuomintang party, cabled to Washington from China and made public tonight by the Chinese Legation.

The Kuomintang Congress also insisted that all the signatory powers both of the Kellogg anti-war pact and the Nine-Power treaty of Washington should "fulfill their obligations" under these treaties "so that the peace of the world in general, and that in the Far East in particular, would not be further menaced." "Does the Covenant of the League of Nations possess any valid force?" the Congress asks. "Should Japan be allowed to defy openly the resolutions of the Council in disregard of the provisions of the Covenant? Should not the League by virtue of Articles 15 and 16 of the Covenant check effectively the acts of Japan?"

Blames Virgin Isles Natives for Situation

The deplorable economic condition in the Virgin Islands is not due to any fault of the United States, which has had a civil administration there only six months, declared Harry E. Taylor, white, commissioner of industry for the islands, at a mass meeting of former Virgin Islanders at Salem M. E. Church, 129th street and Seventh avenue, Sunday afternoon.

Much of the difficulty in bettering the situation was blamed on the natives, who, Mr. Taylor said, have made little effort to have their country self-supporting. The commissioner urged the natives to unite in a strong organization affiliated with the Virgin Islands cooperatives. Mr. Taylor praised the people for their culture and law-abiding spirit.

Other speakers were Miss Joanna Colcord, director of the Russell Sage Foundation; Mrs. Jeanna Carpenter, president of Pro-America, and A. Phillip Randolph, president of the Brotherhood of Sleeping Car Porters. Frank Harding, music publisher, sang for the audience, and Finlay Hubert offered a cornet solo.

Negro Workers To Keep Jobs

Not "the First to Be Fired," Assures Hoover's Lieutenant

WASHINGTON.—Further assurances that Negro laborers would not be "the first to be fired" have been given Dr. John W. Davis, member of the President's Organization on Unemployment Relief, following his canvass of the nation's leading captains of industry. Mr. E. F. Carter, vice-president of the American Telephone and Telegraph Company, which employs thousands of Negro workers in many of its branches, in a letter to Dr. Davis gave definite understanding that his company would keep as many of its employes as possible and that there would be no discrimination on the ground of race.

"The American Telephone and Telegraph Company," wrote Mr. Carter, "is endeavoring to the best of its ability to distribute all work that is now available among those normally employed, insofar as it is practicable to do so to prevent a decrease in employment. This policy relates to all employes, regardless of race."

Mr. Carter's statement followed the statement of Mr. George Sloan, the president of the Cotton Textile Institute, last week, who gave similar assurance that Negro labor would receive impartial treatment from his company. Dr. Davis expressed confidence this week that the employers of the largest numbers of Negro labor would all adopt this fair-minded policy during the present economic crisis.

Liberian Industrial Corporation Busy

A Strong Organization Incorporated in Liberia and New York Ready for Business

Liberian Industrial Corporation, Inc., which has its American headquarters at 254 West 135th Street, New York City, is increasing its active in pushing forward its program of establishing colonization and building up of modern industries in Liberia. Its leading sponsor and business manager is Mr. J. E. Samuels, the former president of the Excelsior division of the U. N. I. A.

It is a unique organization of its kind in that it is incorporated both in Liberia and in this country. Liberian Industrial Corporation is widely endorsed by Liberian citizens and newspapers. Its president, A. T. Watson, is a leading Liberian citizen.

The following members of its board of directors and officers are also Liberian citizens: Dr. J. F. Lawrence, business manager; Hon. J. S. Dennis, assistant manager; T. E. Beysolow, A. J. George, I. A. David, Wm. Corbin, T. J. R. Faulkner, H. S. Scott, J. Padmore and A. Sayers, secretary and treasurer.

His Excellency Edwin Barclay, President of Liberia is an honorary member. Liberian Industrial Corporation was incorporated in Liberia on December 10, 1930, and in the State of New York on October 3, 1931.

The organization has a concession of 10,240 acres of land at Cape Mount of which fifty acres are already under cultivation. It is proposed to develop the entire concession by selling capital stock of \$100,000 in shares of "five dollars each. The corporation's American business manager, Mr. J. E. Samuels, is always willing to answer all inquiries promptly.

Haitian Business Status Is Uncertain

WASHINGTON, D. C.—The business situation in Haiti remains critical and uncertain, according to the weekly review of world trade just made public by the Department of Commerce.

"Last month's estimates as to the coffee crop would now appear to have been over optimistic," the review states. "In some quarters it is now felt that this year's crop, while almost certain to be larger than last year's, will not reach normal. Coffee deliveries and exports from the new crop have been slow.

"It is impossible to obtain reliable estimates of the Haitian coffee crop and generally accepted predictions are often proved false. Coffee prices are less than a year ago.

200 Men Put to Work by Emergency Work Bureau

Placements for the colored male unemployed of Harlem have reached 200. The first race women will be called by the Emergency Work and Relief Bureau Monday of next week. At the West 137th Street Branch of the Young Women's Christian Association, 437 women have registered, 45 of whom are in the professional class. At the Salvation Army in West 135th street, 3,261 men have applied for jobs.

Advocates Race Integrity, Independence for Negroes

DePriest Confab Is All Set to Go

Leaders Agree to Attend; Congressman Leads in Straw Vote in His District

WASHINGTON, D. C.—Congressman Oscar DePriest and the committee on arrangements for the conference called to meet in Washington, D. C., December 2, 3 and 4, 1931, are very much encouraged at the prospects of an enthusiastic and successful meeting. Responses are pouring in from all parts of the country accepting the invitation to be present and take part in the deliberations. Practically every Negro organization and agency, political, civic, fraternal and religious, will be represented. The expected delegates come from practically every state in the Union and represent every phase of interest and shade of opinion; but all seem to be interested in and united upon the object outlined in the call of the conference by Mr. DePriest.

Among those who have consented to take assigned parts on the program are: Mr. Monroe Trotter, Mr. P. B. Young, Mr. Walter White, Rev. J. C. Austin, Mrs. Sallie W. Stewart, Dr. Harold Kingsley, Dr. William J. Thompkins, Hon. J. Finley Wilson, Dr. W. E. E. DuBois, Mrs. George S. Williams, Bishop George Clement, Bishop Vernon Johns, Mrs. Charlotte Hawkins Brown, Mrs. Addie W. Dickerson, Judge E. W. Henry, Mrs. Mary McLeod Bethune and Hon. Clarence Darrow.

DePriest Leads in Straw Vote

CHICAGO.—Straw votes taken during the past week on Republican candidates for Congress from the first district and Republican candidates for governor of the State of Illinois, created much excitement and interest and kept alive the spirit of rivalry among the partisans of the leading candidates. Speculation as to what candidates will lead each week and boosts for their favorites have enlivened the collection of the straw ballots and put pep into it.

Straw votes were collected at the principal street intersections on State street—18th to 63rd; Indiana avenue, 31st to 51st; South Parkway, 31st to 51st; Wentworth, at 35th; Cottage Grove avenue, 31st to 39th; L. stations at 40th, 43rd, 55th and 61st—63rd and Cottage; Oakwood and South Parkway; the Regal and Michigan-theatres. The totals are as follows: For Congress: Oscar DePriest, 2,450; Anderson, 396. For governor: Emmerson, 502; Malone, 27; Carlstrom, 180; Small, 1,129; Harding, 580.

United Sons of Georgia Give \$100 to Jobless

Local colored fraternal organizations are cheerfully responding to the call to do their share in the drive for unemployment relief funds, Mrs. Rosa L. Blocker, chairman of the fraternal unit of the Harlem Division of the Emergency Unemployment Relief Committee, reports. Despite the financial depression, which has greatly affected these bodies, thirty-nine of them to date have contributed.

The United Sons of Georgia leads with \$100. The Clubmen's Beneficial League and the Ushers' League have given \$50 each, and the Temples \$35 each. Quite a number of contributions have ranged from \$2 to \$35.

Cincinnati Elects First Negro Alderman by Huge Majority

CINCINNATI, Ohio.—Following a sensational campaign in which Negroes evidenced determination to secure representation in the city government, Frank A. B. Hall was last week elected to the city council by an overwhelming number of first choice votes.

Mr. Hall, endorsed by the Republican organization, led the Republican ticket in number of first choice votes, running second only to the Hon. Russell Wilson, white, present Mayor who is a Charterite.

Councilman-elect Hall has been a resident of Cincinnati for over 30 years. He was a city policeman for a number of years, and later was promoted to the office of city detective, which position he held until his retirement a few years ago. He has always evidenced a great interest in civic, religious and fraternal work. In 1929 Mr. Hall, running as an independent, waged a strenuous fight for election to the city council, but was defeated. His excellent showing at that time was, however, directly responsible for his endorsement by the Republican party in the present election.

Men Who Braved the Clouds

Bringing to you for the first time the group that made the flight over the city a few weeks back, which flight was staged under the auspices of the "Open Air Aeronautical Club." Standing in front of the passenger ship that was used for the occasion, reading from left to right, front row: Messrs. Edgar Rouzeau and Baynard Whitney of the Tattler, Marie Dickerson, aviatrix; Rev. Thomas Harten, of Brooklyn. In the back row: Messrs. Leon Paris, Haitian aviator; Dan Mickel, Walter L. Reifer, President of the Club, and Harold Sauts.

Japan's Grip On China Grows

Swallows All of Manchuria; Still "No War"; Boycott Effective

According to the latest reports, the walled city of T'sitsihar in northwestern Manchuria was under occupation today by Japanese troops which, using airplanes, artillery, infantry and cavalry in a seventeen-hour battle, had routed a Chinese force seven times as large and had driven the Chinese commander, General Ma Chan-shan, acting governor of Heilung province, from his capital.

Japanese casualties in the battle, which began at 3 a. m. yesterday and raged in sub-zero weather while the Japanese relentlessly advanced thirty-five miles until they entered T'sitsihar at 8 o'clock last night, is 300 killed and wounded. The Chinese, who had little defense against the Japanese airplane bombardment, lost 300 killed and 3,000 wounded.

Japanese Hold Three Capitals

The capture of T'sitsihar gives the Japanese military forces possession of all three provincial capitals in Manchuria. Mukden, capital of Fengtien province, and Kirin, capital of Kirin province, have been held for two months. New governments, not owing loyalty to Chang Hsueh-ling, erstwhile governor of all Manchuria, or to Chiang Kai-shek, president of China, have been established at Mukden and Kirin, and it is believed that a new regime will be instituted at T'sitsihar at once.

Boycott Cuts Japanese Shipping

TOKYO.—The Chinese boycott has reduced Japanese shipping in Chinese waters by almost 50 per cent. The figures for October show the total Japanese tonnage engaged in the Chinese trade to be 14,900 tons, as compared with 29,100 tons in October, 1930.

Gandhi Warns Great Britain

To Satisfy Indian Demand Before Dec. 1; Threatens New Revolt

LONDON. The Mahatma L. K. Gandhi gave the British government until December 1 to do something for India and announced that if it failed he would sail for Bombay December 4 to lead a new and more intensive civil disobedience movement. It was authoritatively stated here that the Mahatma may even order a boycott which would mean that no Indian servant, clerk or other employee would work for British individuals or for the government.

But Mr. Gandhi said he would not allow Indian servants to withhold food or water from the British nor abandon sick or infirm.

The Mahatma may also order the use of temples and mosques for political meetings if the British forbid public gatherings.

Entrance of British soldiers, officials, police or other foreigners into these shrines, it is believed, would lead to serious clashes.

CALCUTTA.—Pandit Jawaharlal Nehru said that the all-India passive resistance campaign might be revived without waiting for Mahatma Gandhi to return, "although we would prefer to have him here as a commander."

Clinton Williams Cleared of Charge

Justice Weil Says Charges Were Unfounded; Is Leader of 13th A. D. Negro Democrats

Clinton A. Williams, the dynamic leader of the Negro Democrats of the 13th A. D., who was held by Magistrate Mogliesky in \$1,000 bail in Heights Court on a charge of misrepresenting in the sale of a furnished room house, was cleared and vindicated. Magistrate Weil of the same court found that the charges were unfounded and was amazed that Mr. Williams was held on bail at all. The charges against Mr. Williams were brought by Mrs. Keturah Corbin, of 6 West 112th street.

Clinton A. Williams is the president of the Democratic Club bearing his name at 216 West 136th street. He is very prominent and influential in Democratic politics. During election times his block parties are famous and widely attended. He is always busy in helping both the members and non-members of his club and both Democrats and Republicans as well. He is one of the most liked politicians in Harlem. Mr. Williams is engaged in real estate business in Harlem. He has also a coal business in Flushing, L. I.

MADE NEGRO REPRESENTATIVE

LOS ANGELES, Cal.—Mercier L. Reese has been selected as special business representative of the National Thrift Corporation of America under bond of \$25,000 through the efforts of the Los Angeles Urban League.

Seeks Congress Aid for U.N.I.A.

Program of African Redemption; Garvey's Greatness Found in Service

(Special to The Negro World)

BERKLEY, Va.—One solution of the so-called race problem in America was graphically outlined Sunday at a mass meeting sponsored by the Berkley branch of the Universal Negro Improvement Association and the African Communities League at their hall, 725 Appomattox street, when Major Ernest Sevier Cox, president of the White American Society, world traveler and lecturer and co-sponsor of "racial integrity" bills in the Virginia State Legislature for the past three sessions, was the principal speaker.

The appearance of Major Cox at this meeting was the result of efforts on the part of the members of the organization extending over several months and marked the second appearance of the speaker in this section in the past five years. A special program was rendered consisting of opening rites by the chaplain, W. K. Moore; remarks by the president, L. S. Ashby; remarks on behalf of the women by Mrs. Anne Robinson; welcome address by J. B. Eaton; remarks by the Rev. C. M. Rodgers; and introduction of the speaker by H. S. Parker.

Would Colonize Liberia

Major Cox gave as his solution of the race problem in America the colonization of the American Negro outside of America preferably in Liberia, Africa. The speaker pointed out at the beginning of his address that, in spite of the fact that he had addressed Negro groups in several of the larger cities for several years, he had never received any remuneration for his services and stated that he spent more than \$60,000 of his own funds in carrying on his work.

How his interest in the Negro was first aroused while a post-graduate student at the University of Chicago, how he first came in contact with Negroes in his classes while there, and the beginning of his travels in Africa especially to study the systems used by England and Germany in dealing with the natives in their colonial possessions, was related by the speaker.

Beginning of Idea

This first expedition into the central part of Africa which covered 41 colonies and extended over a period of six years, was the beginning of the work to which he has devoted his life, Major Cox said. It was while traveling so extensively on the continent that he conceived the idea of a separate colony for American Negroes and began his determined fight to bring the project to a successful conclusion.

"There is a possibility of achieving success in this matter," the speaker declared, "I can marshal support from any number of influential sources. I intend to ask the State of Virginia through the next Legislature to petition the Congress of the United States to aid all Negroes in America who wish to establish themselves in Liberia.

Right to Independence

"American Negroes have a right to independence as well as the white man and I intend to see that they get it," Major Cox added.

Attempting to explode the theory advanced by some people that the American Negro could not live in Liberia due to the climatic and other conditions, the speaker pointed out that rumors were current to the effect that the Firestone Rubber Company was planning to send 30,000 whites to Liberia in the near future and said, "If Liberia will kill a Negro it certainly ought to make a white man sick."

Elemental Law

"There is an elemental law to the effect that when different breeds or races are thrown together they either separate or amalgamate," he continued, "and the only solution to the race problem in America is the complete separation of the races. This can never be accomplished as long as the races live together as they do now," he argued.

"The American Negro was brought to this country sorely against his will. (Continued on Page Eight)

DO NOT PATRONIZE THOSE WHO REFUSE YOU OPPORTUNITIES

# LOCAL—Political, Church, Fraternal, Church NEWS

## How Needy Families Are Helped by City Bureaus

The Mayor's Official Committee on Relief of Unemployment gives the following information: Every police precinct is the investigating bureau for the Mayor's committee in serving the needy families. Their plan of functioning will be with the individual cases that are not helped by the following organizations: The Association for Improving the Condition of the Poor, the Charity Organization Society, Catholic Charity, Salvation Army and the American Legion.

## Harlem Women Busy in Fund Drive for Relief

Seven teams of the Harlem Women's Division, Mrs. Alice Ayers, chairman, have been active in the field raising funds during the weeks of October 28th and 29th. A general manager of the first model grocery store in Harlem, Mr. Jones, states that this market will be operated on the quick sale profit basis. He is asking the support of the community, not merely on the basis of race, but together with service, courtesy, square dealing. By shopping in this store, the housewife saves time particularly in the winter months. Every item is placed enabling the customer to see and know what they are paying for. It is a pleasure to walk into this store, its bright clean shelves and sanitary meat food cases. The interesting part of this market is the fact that it is operated by Negroes. All mechanical and electrical work by Negroes. All painting and printing by Negroes.

## Invitation

To All Men Who Have Attained The Age of 21 or Over

You are cordially invited to become a member of the Loyalty Citizens Democratic Club. This club was organized on October 28, 1931, at 45 West 137th Street, New York City, by Abraham Brown.

On last Tuesday Mr. Thomas Sweeney, who recently arrived from the Virgin Islands, visited our office and paid his respects to the club.

## Race Democrat Calls Hoover Ignorant of Negro Problems

WASHINGTON, D. C.—A fund of \$20,000 is to be raised to promote the recently formed National Negro Federation of Young Peoples Clubs, according to Thurman L. Dodson, leader of the movement. In making this announcement, Attorney Dodson paraded the charges that the Federal Government is ignorant of the Negro citizenry of this country.

## Deserts Own Flock

MEXICO CITY—Alberto Tricoc was alive and well today after having deserted his own funeral procession at the railroad station yesterday, when he was escorted by a posse of police and palbearers and walked to his hotel.

## Democratic Victor Indebted to Negro

Support of Mr. Vernon's Mayor-Elect Calls for Job, Monroe Cuyler. Declaring that the manner in which the Negro voters supported Comptroller Louis V. Bateman, Mr. Vernon's mayor-elect, and the Democratic ticket in the recent election is deserving of recognition, J. Francis Moore, prominent Mt. Vernon citizen, claims that the new administration is indebted to the extent of appointing at least one Negro to office on January 1.

And it need not be an appointment to a high office, either, Monroe added, "all we want is recognition, and if the Democrats name only one Negro to office, we will know that their efforts in the last election have been appreciated."

For the first time since Negro voters became an important factor in the city's electoral process, the Democratic ranks this year have overlapped with hundreds of loyal Negro voters bolting their former allegiance to support Bateman, Monroe claims. Whether the mayor-elect intends to name a Negro to one of the vacant offices that must be filled when the new administration comes into power is speculative at this time. Bateman has given no intimation what he intends to do, and has not indicated to his appointees.

## Race Youth in Cal. Made Asst. Attorney

SAN ANGELES, Cal.—District Attorney Baron Pitts named a Negro assistant for the second time during his term of office last Friday when he appointed Attorney Charles Matthews, 739 East 17th Street, Assistant District Attorney. Matthews took office on Monday.
