LIKE BRAVE MEN LET US HOLD OUR OWN

In U. N. I. A. There Is Eternal Strength; Let Us Uphold It

Fellow-Men of the Negro Race, Greeting:

The Universal Negro Improvement Association is causing the whole world to take it seriously. There is no one truth that is correctly understood and represented. Men have always differed in their interpretation of human programs and movements. We are not surprised, therefore, that with all that has been said outlining the purpose of this grand organization men are still disposed to look upon it with a great deal of suspicion, and others see in it all that is evil, refusing to admit the real good that emanates therefrom and which is sought in the interest of the Negro peoples of the world.

We are determined to take an uncompromising stand for the preservation of our race, the advancement of our political rights and securing posterity of our own from the dangers we have suffered in the past and the hardships we are undergoing in the present. Indeed, the whole Negro race is on trial in the test of the existence of the Universal Negro Improvement Association. If Negroes can be so thoughtless and inconsiderate and venal as to allow any harm or injury to be done to the Universal Negro Improvement Association and its mouthpiece, the fearless "Negro World," it will only be the settling once and for all of the belief that the Negro will never rise beyond his present environment, because of his inability to initiate for himself, to stand by his own efforts, and to uphold his own principles.

No one will gainsay the fact that the Universal Negro Improvement Association is the strongest and greatest Negro movement in the world. If the Universal Negro Improvement Association cannot stand, then nothing else Negro will be able to stand against the onslaught of the ancient enemy. But the Universal Negro Improvement Association shall stand, and as firm as the solid Rock of Gibraltar, and nothing shall stand in the way of the program of this organization. Its principles are too noble, too grand, too lofty to be destroyed by mere human power. Those who founded the Universal Negro Improvement Association calculated for the opposition of a world; hence, when the opposition, whether from without or from within, comes, it brings no disappointment. Those who have become members and joined the fold of this movement should realize that the command is to go forward, looking not to the right nor to the left, but make one great, and grand, and noble march toward the goal of African redemption.

Brave men have always held their own against opposition of every kind; brave men have always carved their way from slavery into liberty; brave men have laid the corner-stones of nations and empires in the past; brave men, and brave men alone, will change the political forces of the twentieth century, making a new world for the accommodation of the people who love liberty, who desire freedom, who desire human rights. No other organization besides the Universal Negro Improvement Association has ever made a fight for nationhood; no other organization has ever aroused the interest of the world, part sympathetic and part obstructive, as the Universal Negro Improvement Association. The liberal minds see right and justice in the program of this great organization; the selfish, the unsympathetic see in it a menace that will interfere with their privileged capitalistic rights. But what do we care? It is not for the satisfaction of the world we fight; it is for the satisfaction of ourselves. Hence, we move on, caring not what others say or others do—our one purpose, our one object, is the planting of the colors of the Red, the Black and the Green as the African standard that shall give to us a country, a nation and a government of our own.

Your Obedient Servant,

Marion Gayney

President-General, Universal Negro Improvement Association, August, 1929, of the World. Founder and President-General, Universal Negro Improvement Association.

IMPORTANT

To Our Readers

We are appealing to those of our readers who are not direct subscribers to our paper to take out a year's subscription and have The Negro World mailed to their homes each week.

We are asking you to do this due to the fact that quite a number of our agents fail to pay us promptly for their weekly supply causing us to discontinue supplying them and when we do this, if you are not a direct subscriber you will be unable to secure a copy.

In order to secure this consideration from you, we are making you a special subscription rate. All those who will cut out this appeal and mail it into our office will receive a year's subscription for \$2.00, foreign countries \$2.50.

This offer will be made only for a short period, so act at once. Join the other thousands of direct subscribers.

Awaiting your consideration, yours sincerely

HAROLD G. SALTUS, Circulation Dept.

Here's Civilization For You, My Friend

POUGHKEEPSE.—When Malcolm E. Parrott, a business man, fell in love with Mrs. G. Minard Smith, it was quite all right with Mrs. Smith's husband. He was in love with Parrott's wife anyhow. Last week Mrs. Parrott and Mrs. Smith, next-door neighbors, obtained Mexican divorces from their husbands, and last night at Sharon, Conn., they traded husbands. Mrs. Smith became Mrs. Parrott and Mrs. Parrott became Mrs. Smith. To show that there were no hard feelings, each couple attended the other's wedding and they left for a honeymoon together.

Reforms Urged On Liberians

WASHINGTON.—The United States Government is ready to urge various reforms to be instituted in Liberia for the abolition of slavery and forced labor and the prevention of yellow fever, it was said at the State Department last Thursday.

These reforms have been worked out on the basis of recommendations made by the international committee which investigated slavery and forced labor conditions in Liberia and will be urged upon that republic, not only by the United States, but by other interested European powers, including the British and French governments, it was stated.

Among the recommendations is one for the reorganization of the border patrol, which formerly was under the direction of a United States army officer (colored), but which recently has been entirely under the direction of Liberians, it was said.

Although having the right under its rubber contract with the Liberian government to have only American advisers appointed to aid Liberia, the Firestone Rubber Company has waived this right and is willing that both Americans and Europeans be appointed, it was stated. The chief interest of the Firestone Rubber Company, it was explained, is to have the reforms put into effect.

Advises Doctors of Both Races to Work In Cooperation

DETROIT.—Maintaining that the progress of the race physician centered around his ability to "exchange thoughts with white specialists," Dr. Peter Marshall Murray, president of the National Medical Association, advised a group of more than fifty doctors, dentists, pharmacists and laymen to establish surgical operative clinics in race hospitals and call in the specialists in their line from the other group.

The noted New York physician spoke at a banquet tendered him by the Allied Association of Doctors, Dentists and Pharmacists at Dunbar hospital Tuesday afternoon. Dr. E. A. Carter, state vice president of the National Medical Association, was master of ceremonies.

A Community Asses Basing his assertions upon the upward swing of race doctors in New York, Detroit and other cities where these surgical operative clinics are held, Dr. Murray declared that the hospital should serve as an asset to the community and that this could only be accomplished by keeping abreast of the latest improvements. This improvement, he reiterated, came through these clinics.

Turkey May Join League of Nations

GENEVA.—There is sound reason to expect that Turkey will become the fifty-sixth member of the League of Nations during the September Assembly, and possibly even next month when the special session of the Assembly resumes.

As a result of a hint of Turkey's desire to join that her Foreign Minister, Tewfik Ruzhdi Bey, threw out while addressing the disarmament conference yesterday, soundings were quietly taken by League officials.

WHITE DAILY DENOUNCES JACKSON, Miss.—Termining the recent slaughter of four Negro railway workers by unknown unemployed whites in various sections of the state "unpardonable killings," the Jackson Daily News, white daily here, scored the failure of police authorities here to apprehend the slayers.

Bold Plan of Ex-Gov. Smith To Oust Debts and Depression

WASHINGTON.—Following is the proposal made by ex-Governor Smith tonight for the handling of the foreign debt problem:

"Let us say to the nations of Europe who owe us money that we will forget all about it for twenty years, and not only will we do that, but we will write off as paid each year 25 per cent of the gross value of American products which they buy from us.

"This, in effect, is to say to any nation which owes us money, if it purchases \$100,000,000 of our cotton we will forget \$25,000,000 of its indebtedness. If it will buy \$100,000,000 of our wheat, our fruit, our tobacco or any of our manufactured products, we will forget \$25,000,000 of its indebtedness.

"Figures here used are arbitrary and are intended only to express the principle.

"This will help the farmer; it will help the mill owner; it will help the

manufacturer; it will help the railroads and the transportation industries and in turn help all the various lines of activities that are dependent upon the railroads.

"I assert that this is a far better way to restore trade than the present method of sitting idly by, clamoring for the payment of debts which we know cannot be paid, and thereby losing for the farmers and manufacturers and workmen of the United States more billions of dollars than the whole European debt.

"This plan will start from the ports of the United States a flood of American-made goods into the homes and factories of our neighbors across the sea, and we will in return make concessions to them on the debts which we know they are unable to pay.

"That will remove the menace to business throughout the world which is the greatest curse of the present uncertainty."

Oath to King a Public Perjury

LONDON.—The Independent Labor party—the Labor Left Wing—is supporting a move led by John McGovern, member of the House of Commons for Glasgow, Shettleston, to remove the oath of allegiance required of members of the House and of public servants in Great Britain.

Mr. McGovern intends on April 20 to ask leave in the House to introduce a bill making the oath optional and providing an alternative affirmation or oath of allegiance to the people. The Glasgow member said that when he took his oath at the time of his re-election last October it was an act of "public perjury."

Negro Lawyer Made City Prosecutor of Des Moines

DES MOINES, Ia.—Charles Preston Howard, attorney with offices at 515 Mulberry street, took the oath of office for city prosecutor of Des Moines at eleven o'clock Monday morning, April 4.

His appointment by the new mayor, Dwight N. Lewis, was confirmed by the newly-elected city council at its first session Monday morning. Attorney Howard filed his bond of \$2,000 with the city clerk immediately. It was accepted.

Attorney Howard's appointment ends a long fight for recognition for the Negro voters in this city. Because of the indifference to the colored voters on the part of ex-Mayor Parker Crouch, who has held office for the last two years, Attorney Howard united the Negro factions in one body for the support of Dwight Lewis.

Diamond Mines in South Africa Close

AMSTERDAM, Holland.—The De Beers diamond mines in South Africa closed today in accordance with an announcement a month ago, but the diamond cutting industry in the Netherlands is keeping its skilled men on the payroll in anticipation of a demand for large sized stones.

Ruthlessness of "Pax Britannica" Exposed in Suppressed Cable

The following cable to English papers that was suppressed by the British Government in India, was written by one of the most moderate statesmen of India, Pandit Madan Mohan Malaviya, who has been a trusted friend of the British. We are reproducing this cable from "Maharatta," an Indian independent nationalist weekly published at Poona.—Ed.

Pandit M. M. Malaviya tried to send the following cable to certain London papers, in response to a request from friends for information for the purposes of the impending India Debate in the House of Commons. The cable was handed in at the Benares Telegraph Office in the afternoon of the 28th February and was accepted and payment was received for it. After several hours, Panditji was informed at night that even though it was a pre-paid message, the cablegram could not be transmitted as he was not a registered press correspondent. Panditji then asked the telegraph office to forward the message as a private deferred cablegram and offered

to pay the difference in cost of about Rs. 300. But he was told that even that could not be done as the office hours were over and the only way to send the cable would be to pay for it at express rates, which would come to over Rs. 3,000. Panditji thereupon dropped the idea.

Text of the Cable

The following is the text of the cable: The reply of Sir S. Hoare circulated in the House of Commons on the 15th instant on the political situation in India which indicated an improvement from the Government point of view in several respects, is incorrect and misleading.

Sir S. Hoare admitted that the boycott was now the chief activity of the Congress. This has been so since the commencement of the civil disobedience movement this time and it has shown no sign of slackening. On the contrary, it has been deepening, penetrating into the interior and spreading to all parts of the country. In the towns generally, a large number of merchants are not placing orders for (Continued on Page Five)

Race Prejudice Plea Upsets Conviction

LANSING, Mich.—Because the argument of Edward J. Fallon, assistant prosecuting attorney of Oakland County, was "prejudicial and erroneous," the Michigan Supreme Court Monday granted a new trial to Alfred Hill, Pontiac resident. Hill was found guilty of second degree murder in the killing of Richard Coffee and sentenced 12½ to 25 years in the Michigan State Prison at Jackson. "There was no reason to appeal to racial prejudice," said the court.

Revolt Brewing In Belg. Congo

BRUSSELS.—The growth of the revolutionary movement in the Belgian Congo, Central Africa, has forced a delegation of parliamentary representatives to change their plans for a visit to the Congo. They were to have left at Easter in order to be present at the solemn opening of the new Matadi-Leopoldville railway line. The delegation was made up of all the constitutional parties.

The authorities have offered all sorts of excuses for the postponement of the trip, except the real explanation that the Congo is too hot to hold the deputation safely and is steadily growing hotter despite the periodical announcements of the Colonial Ministry that the insurrections have been suppressed and that "order prevails."

20,000 Negroes were dragged into the Matadi-Leopoldville district for forced labor to build the line. With the completion of the line, these workers were flung aside on their own resources. This had added to the already large number of unemployed workers and ruined peasants in the district and has served to increase the revolutionary ferment.

Similar conditions prevail throughout the Congo, where several of the mines have been closed down as a result of the world economic crisis of capitalism. Prices for imported food stuffs and other goods have gone up at the same time that the prices of local products have suffered a catastrophic drop. The Belgian imperialists, like their fellow imperialists in other parts of Africa, have tried to drown in blood the struggle of the toiling masses against starvation and national oppression.

Belgian King Lands In African Town

NAIROBI, British East Africa.—King Albert of the Belgians landed in Butiaba, Uganda, on the Eastern shore of Lake Albert, today in a flight to the Belgian Congo.

The king is on his way to the Kivu district of Africa, where Belgium has a great forest and wild game preserve of 825,000 acres, known as the Albert National park, which was established in 1929 with the cooperation of American scientists.

Five-Year Fight Gives Omaha Juvenile Worker

OMAHA, Neb.—A graduate of Wilberforce University, Miss Gertrude Lucas, has been appointed by Judge Herbert Rhoades as juvenile worker in the court over which he presides in Omaha. This is the first such appointment made in Omaha. Miss Lucas has for 11 years been a social worker on the welfare board.

Soviet Sells Oil To Abyssinians

An Associated Press dispatch from Addis Ababa, capital of Abyssinia, reports Soviet Russia has begun to supply the Ethiopians with oil. The first order consisted of 1,700 bidons, each weighing 198 pounds, but accidents and defective tins were responsible for the leakage of more than half the oil after it had reached Djibouti and before it reached Addis Ababa.

Webb Group Seeking United States Bank Aid

WASHINGTON, D. C.—The Webb group comprising the Woodmen Union Insurance Company, the Union Investment Company and their allied interests are understood to have made application for a loan from the Reconstruction Finance Corporation on the same basis that numerous banks, trust companies and financial institutions have been seeking and securing them.

DePriest Wins In Nomination

CHICAGO.—Oscar DePriest defeated Louis B. Anderson, 4 to 1, for Congress in the 1st district. Wm. E. King defeated Louis B. Anderson for committee membership of Second district, 3 to 1. The vote in Anderson's precinct: DePriest, 234; Anderson 43, for Congress.

Congressman Oscar DePriest, who was faced with possible political annihilation, with his own office as well as the offices of his principal lieutenants in jeopardy, came out of the fight with flying colors. He defeated Alderman Louis B. Anderson for congress and won over the field in the Third ward for committee man.

Gaines, King and Warfield supported DePriest. DePriest was also elected committeeman of the Third ward, making his victory complete and devastating.

The colored Democratic vote increased 300 per cent.

Democrats Nominate Negro

Edgar G. Brown, regular Democratic candidate for congress from the First District, was ahead of his chief rival, Harry Baker (white) when the latest total of votes for that office was announced late Wednesday. Committeeman Joseph P. Tittinger, Second ward; Joseph P. McDonough, 11th ward, and Joseph P. Geary, Fourth ward (all white), endorsed Brown's candidacy. He was also supported by the leading daily and weekly newspapers.

Negro Police Officers Fight

CHATTANOOGA, Tenn.—The work of Abner (Bull) Davis and his fearless assistant, E. B. Sherman, in curtailing crime, and bringing the guilty to the bar, cannot be overlooked by the Reporter and the good thinking citizens of our city. Since Davis' appointment to the homicide squad, there are numbers of instances where he has shown great courage, and handled both himself and the criminal in such a way as to reflect credit on all concerned. The department of Fire and Police, in fact, the whole citizenship of the city of Chattanooga.

Both these men deserve the support of each citizen interested in lowering the percentage of crime in the city. The judgment of the men in whose hands the authority to appoint men to assist in clearing the city of the criminal and undesirable element, must be commended for appointing a member of the race to one of the most responsible posts in the department. It is hoped the two men will continue to conduct themselves so as to reflect the good judgment of their superiors, also gain the respect of every law abiding citizen.

Negroes Lose Many Farms

JACKSON, Miss.—An estimated 25 per cent of Mississippi privately owned property, a large part Negroes, went on the auction block Monday for delinquent taxes.

Sheriffs' hammer swung in practically every county as lands seized for non-payment of taxes were offered for sale.

Reports of 74 of the 82 counties disclosed 39,699 farms, or 7,000,000 acres went on the block. In the property was 16.2 per cent of the total agricultural acreage of the state and 12 per cent of its city and town property.

Help Us to Circulate This the Guiding Star of Race Independence

Boxing-Theatricals-Sports-Clubs

Dan Morea Defeats Edgar Wiggins In Billiard Contest

By HAROLD G. SALTUS

In going the rounds of the boxing gymnasium, I found that there are a score of race boys continuing their own training daily. To look at them through an observing eye, one can discern that far-off look in their eyes, evidently wondering "when will the fight come around. Sympathy in its deepest form sets in your breast for the boys that are denied a living chance, and why are they treated in such a manner? This question has been asked and the reply given that it is within the reason that the matchmakers and promoters must be prejudiced toward the men of African descent.

Godfrey Knocks Out Bob Lawson in 2nd Round

WILMINGTON, Del.—George Godfrey, the 268 pound giant of Leiperville, who has tried to get into prize-fighting and wrestling, is back in the ring again. He and Bob Lawson, the former fall guy of Alabama, put up an exhibition here Thursday night, scheduled for eight rounds, but Godfrey got tired of waiting time and knocked Godfrey out in the second round, after Mr. Lawson had already been down four times.

Championship Contest Creates Wide Interest to Harlem Fans

Keen Sight, Fast Thinking, With Accurateness as Displayed by Both Contestants is Very Highly Praised

By HAROLD G. SALTUS

One of the most interesting games of pocket billiards and pool games, was played at the 135th street branch of the Y. M. C. A. on last Friday evening. The occasion being a championship match between Dan Morea, representing the Bronx Y. M. C. A., and Mr. Edgar Wiggins, of the 135th street Y. M. C. A. The match was sponsored by Mr. Walker, manager of the "Cafeteria." There were present three hundred fans present to witness the final. The recreation room was over-crowded and the match was held in the street. The crowd was so large that the match was held in the street. The crowd was so large that the match was held in the street.

Loew's Victoria

George Arliss in a modern role in "The Man Who Played God" with Betty Davis and Violet Heming is being shown at Loew's Victoria Theatre, Sunday, Monday and Tuesday, April 17, 18, 19.

GIRSHES of This and That

By H. G. SALTUS

THE NEGRO WORLD, SATURDAY, APRIL 23, 1932

ALABAMA Mrs. L. C. Massenberg had as her guest, great last week Mrs. H. M. Scott of Coocla, Fla.

NORTH CAROLINA Dr. H. C. Weeden, general secretary, returned from the N.Y. meeting at Rock Hills, S. C. last Tuesday, spending some time at the publication house auditing the books of his department.

Ruthlessness of "Pax Britannica" Exposed in Suppressed Cable (Continued from Page One) foreign cloth and British goods. In a number of places, they separated and sealed up good goods, and proceeded with the help of peaceful picketing and quiet house to house persuasion. The goods are being sold at a profit, but it is assumed that unless a great change in public sentiment occurs such as was brought about by the Gandhi movement, the British goods will continue to run down. Of course, women are playing the most important part in this phase of the movement.

MISSISSIPPI Mr. Chas. Watson and Miss Bertha Hood of Breaux spent Sunday with Mr. and Mrs. R. T. Watson.

OKLAHOMA Mrs. Robert McCarry of Parson, Kan., spent the week-end in Tulsa with her daughter, Mrs. W. M. Buler, 1202 East Pine.

Negro Workers May Get Union Work CHICAGO—Recent developments centering about the construction of the three million dollar New Provident hospital and the efforts of the colored craftsmen to be included in the employment roster on this building have led to negotiations which will result in the formation of a union of colored workers in the building industry.

NEW YORK Professor H. J. Anderson and Miss R. V. Lee surprised the P. T. A. with a surprise Tuesday night, March 29.

TENNESSEE President W. J. Hale of A. and I. State College, Nashville, was a visitor in the city Friday. After conferring with the faculty and the board of trustees, he will return to his home in Nashville.

Threatens Chinese Cafe Owner's Life WASHINGTON.—Because he would not discharge a trusted colored employe, Sam Lee, Chinese proprietor of the Lotus restaurant here, has been threatened with death. Lee received a letter from a man who claimed to be a member of the Ku Klux Klan, threatening to burn down the restaurant.

ILLINOIS Mrs. Bertha Scott, who is attending school at Carbondale, was a very pleasant visitor the past week-end with her two sisters, Mrs. Brown and Mrs. Mills.

BRITISH HONDURAS The Rev. W. H. Harvey will preach in Wesley Church on Sunday evening, April 23, at 8:30 p. m., on the subject, "The Distance to the Public." An invitation is extended to the public.

Two Whites Charged With Murder After Lynching CROCKETT, TEXAS.—Two white men, W. A. Ackley, 74, and his nephew, Paul Ackley, 24, both farmers, and related to the late Dr. J. H. Pehar, were charged Monday with murder in connection with the lynching of Dr. Pehar.

MISSOURI On Tuesday, March 29, a lovely baby girl, weighing ten pounds, was born to Mr. and Mrs. A. V. Davis of Bragg City, Mo. The father, Mr. Davis, is a well-known citizen of the community.

BRITISH HONDURAS The Rev. W. H. Harvey will preach in Wesley Church on Sunday evening, April 23, at 8:30 p. m., on the subject, "The Distance to the Public." An invitation is extended to the public.

KANSAS CITY Mrs. Lillian Vance and daughter of Springfield, Mo., were the week-end guests of Mrs. Leah Crump of the Kansas city.

Man Nearly Freezes To Death in the Tropics HONOLULU, Hawaii.—Gordon Morgan, colored cook on the freighter "Maui," experienced arctic weather last week in the otherwise balmy climate of the Hawaiian Islands. He was trapped in the refrigerator of the ship which had a temperature of degrees below zero.

Success—Candle Book Success—Candle Book. This book is a masterpiece of photography. It is a must for every collector of natural history. It is a masterpiece of photography.
